

## Madison Council Seeks Signals At Sixth, Madison

The Madison city council Tuesday night voted to request approval by the state highway division of traffic signal installation at the corner of Sixth street and Madison avenue, primarily due to increased traffic since relocation of the First National Bank in Madison.

Mayor Stephen Maeras said he has requested the district highway engineer to make a traffic survey at the site, and suggested that state approval should be sought in the meantime so that work can begin promptly if the request is granted.

The mayor said the state will pay 75% of the cost of the signals if installation is approved. Total cost of the lights and their installation was estimated at \$400 to \$450.

**Urges Parking Study**  
Mayor Maeras also said a study of parking on Sixth street near the bank needs to be made, considering the added number of autos regularly parking there now. Some cars park all day along the street, he said, and complaints have been received from some Sixth street residents. He suggested that one-hour parking might be a solution, but no action was taken.

The council approved appointment of George W. Lindsey, 1410 Fourth street, and Bill Ray Moore, 2006 Sixth street, to the Madison auxiliary police force.

Payment of claims due for supplies, building maintenance, street and alley repair and city workers' salaries was approved. Included was a \$12,728 bill from General Contracting Co. on remodeling the city hall building. Payment of expenses for Chain of Rocks maintenance and operation also was approved.

**Await Fire Rating**  
Mayor Maeras told council members he is still awaiting word from the Illinois Inspection Bureau on outcome of an inspection of the city's fire department several months ago. He said the inspection was made after a request for a class five fire insurance rating, which he said would be of "immeasurable benefit, especially to local businesses" in reducing rates.

The mayor said he feels the city has met requirements set by the state for such a rating, and added that the Inspection Bureau has promised to complete its report as soon as possible.

The first half-hour of the meeting was spent in certification of results of Tuesday's special elections, after which Robert D. Reeves was seated as a First Ward alderman.

**Univah Explorer Ball  
Planned For December**

A Univah district Explorer ball will be given in December, it was announced at a round-table meeting of Explorers Monday night at the home of Sigmond Fredericks. The date, place and type of dance are to be determined later.

Leo Kalpa, activities chairman, announced the dance and appointed Bob Haldeman, Post 98, to serve as chairman. Other chairmen will be named later, possibly at a special meeting at 2 p.m. Sunday at A. O. Smith Corp.

Highlights of the meeting included a report on his recent training at Philmont Scout Ranch, N.M., by Don Beck, advisor of Post Six; and a report by Charles Vidan, squad leader of the newly-formed Air Explorer Squad Eight, details of proposed visits to Air Force bases.

Mrs. Fredericks served refreshments to the 10 persons attending from four units.

**Indian Dancers Perform  
At Historical Pageant**

On Monday evening, the Society of Red Shields, Indian dancers of Concordia Lutheran Laymen's League Explorer Post Six performed in a historical pageant at the Bond county fair in Greenville. This was the second straight year the dancers participated in the pageant.

Dancers were Monty Kindie, associate advisor of the post, Robert Chapman, David Evans, William Eaker, William Worthen, Donald Eaker, Kenneth Masehorn, Pat Alexander, James Milam and Keith Zinn. Members of the post had just returned from a one-week canoe trip in northern Wisconsin led by George Civart.

# Attend School Dental Health Conference

Dr. Leo M. Coleman, Robert J. Davis, principal of Central Junior High School, and Dale Rea, principal of Emerson grade school, attended a Dental Health Conference sponsored by the Illinois State Dental Society Council on Dental Health and the Illinois Department of Public Health, Division of Dental Health, Wednesday at Western Illinois University in Macomb. About 60 dentists and 90 teachers attended the meeting, topic of which was "Setting up a school dental health program." Presiding was Dr. Lloyd Blackman, chairman of the Council on Dental Health, Illinois State Dental Society.

# Animal Shelter Group Elects Officers

Mrs. Robert Chapman was re-elected president of the Granite City Animal Shelter Committee at a reorganization meeting in the city hall conference room last night. Other officers named were Mrs. Marvel Walker, vice-president; Mrs. Vasil Elumoff, secretary; and Mrs. Charles Meyer, treasurer. Others attending the meeting, also aimed at setting plans for the coming year, were Donald Partney, Miss Lucille MacLeod, Fay Bent, and Mrs. Harriet Juda. The next meeting is scheduled for Sept. 12.

# Firms Sued For \$150,000 On Children's Injuries

Two identical damage suits of \$75,000 each have been filed in the circuit court by Granite Cityans who allege that a wooden fence fell on them April 16. The fence allegedly was built by S. M. Wilson and Co. as a barricade for a Granite City Steel Co. remodeling project along 20th street between Lee and Nash streets. One suit is against each company. High winds reportedly caused the wooden fence to topple on Michael Winn, six, and his sister, Carolyn, 10. Their father, Vernon O. Winn, 2027 Russell street, filed the complaint for them, charging that they suffered permanent injuries in the mishap.

# Vetoes Bill Extending City Court Authority

A bill which would have equalized venue powers of city and circuit courts was vetoed this week by Gov. Otto Kerner. Introduced by Rep. Ralph T. Smith, the bill would have granted city courts an extension of venue to all areas of the county in which they are located. Kerner said he vetoed the measure because the equality of venue powers of courts of different grades violates requirements of the state constitution. He said voters will have the opportunity at the next general election to adopt a judicial article which would enable a reorganization of the courts.

# Name County School Guidance Coordinator

Joseph R. Pukach of Alton was named this week to the new post of county school district guidance coordinator by County Supt. Wilbur R. L. Trimpe. The post will pay \$9000 a year. Pukach's initial duties will include conducting a counseling need survey among school districts which have expressed willingness to cooperate with the plan, and help administrators organize standard methods of guidance counseling services. The program will cost an estimated \$12,000 a year, with \$2500 for clerical assistance and \$500 for supplies. Districts would pay the cost of the program on a per-capita enrollment basis if they participate.

# County Board Ok's Votes Service Tax

An extra half-cent on the new state service occupation tax for unincorporated areas of the county, effective Sept. 1, was approved by the county board of supervisors yesterday. The tax, which applies to items used in services such as supplied by barbers and beauty operators, was made possible by a bill passed by the Illinois General Assembly this year. The board approved a resolution to advertise for bids on renovation of the third floor of the county courthouse, providing separate offices for each of the three circuit judges. The board decided to apply for

# a federal loan to cover architect's fees for plans on possible future addition of a fourth floor to the courthouse.

A resolution allowing the County Nursing Home to raise patient fees from \$125 to \$135 monthly was approved, effective Sept. 1. Charles Werber, nursing home committee chairman, said the present rate is no longer sufficient to pay costs of patients' room and board. A contract for renewing the county jail and sheriff's quarters was awarded to a Highland firm which submitted a bid of \$2579. The board also approved resolutions renaming the emergency committee the "promotion, public relations and emergency committee," reappointing a committee previously named for studying possible use of voting machines in the county, and calling

# Granite City PRESS-RECORD Thurs., Aug. 24, 1961 Page 3

# Can View Moon Eclipse Here Friday Night

Amateur astronomers and the curious will have an opportunity to view an eclipse of the moon Friday through three telescopes which will be set up on the sidewalk at the corner of 19th street and Niedringhaus avenue by the Surplus Store. The eclipse will become visible beginning at 7:30 p.m., DST. for the state to furnish highway litter containers. Reports and resolutions of the road and bridge and other standing committees were approved. Envy is punishment meted out to people for being inferior to their neighbors.

# MORE ABOUT

## Ill. Sales Tax

(Continued from Page 1)

Missouri and accepted in that state without across-the-river delivery will continue to be subject to the Missouri state sales tax.

Director Isaacs said the work of his department has been doubled by new state legislation and that efforts to obtain an expanded work force were unsuccessful. As a result, he and his staff have been working "around the clock," he said, and have been concentrating on full determination and distribution of the rules and regulations to be followed under the sweeping legislative change.

For this reason, he does not expect to give attention to the question of full compliance with

the law at this time, noting that it would be impossible at this point to determine, inasmuch as the deadline for registration has not yet arrived.

He again emphasized that he believes there is no question of the state's ability to collect the tax under the broadened laws. He said he does not know whether any St. Louis area firms have registered thus far.

**Still Not Collecting**

A check by the Press-Record this week indicated that major St. Louis stores are not collecting sales tax on articles delivered to the Quad-Cities.

The new Illinois law requires out-of-state retailers soliciting business here to register and act as tax collectors for the Illinois Department of Revenue. Notices and legal process may be served on such sellers by serving a copy on the Illinois secretary of state as agent for such persons, and by sending a copy of the notice or process by registered or certified mail to such sellers' last known address.

Isaacs has urged persons who are beginning to incur liability to the department and who have not already registered to do so as soon as possible. It is the

**Sanatorium Patient List**

Number of patients at the Madison county tuberculosis sanatorium at Edwardsville was down one for the month of July, according to a report received by the Madison county board of supervisors yesterday.

Fifty-seven patients were at the sanatorium at the beginning of the month, and the number admitted was the same as the number discharged, six. One patient died during the month, leaving a total of 56 patients as of July 31.

Duty of such firms to contact the department and ask for an application for a certificate of registration form.

Pre-registration is being encouraged to make the procedure more orderly and to spread the workload. Some registration has been taking place at the office in Springfield and Chicago, but no information was available yesterday as to where the registering firms are located.

A husband is merely a figurehead in the family — and how he has to figure nowadays.

## Hearing Monday On GC Parking, Traffic Rules

Attendance by all persons interested in any of several pending traffic decisions is being urged by Granite City officials, who have scheduled a public hearing for 8:30 p.m. next Monday at the city hall. Location has not been decided, but it will be either the courtroom or the council room.

Topics include restoration of one-way traffic on State street between 23rd and 27th street, limiting of parking to one side of the street on streets extending from Washington avenue to Adams street, and establishment of one-way traffic on Benton street from 24th to 27th street.

Alderman Charles Meyer noted at Monday night's city council meeting that the traffic committee has been conferring with the police department on some of the traffic proposals, and Mrs. Gabrielle Bettine called attention to the presence of several delegations in the audience. She urged that the public express its views to the council at next week's hearing.

### One-Way Traffic Issue

Alderman Walter Nunn agreed, saying the meeting will be open to all. Nunn advocated alternating parking from one side of the street to the other, saying it has worked out satisfactorily on the street where he resides.

Alderman Sam Whitmer disagreed, commenting that he and Alderman Edmund Bartosik do not want restrictions on parking in front of individuals' homes. He said people should be allowed to park at their homes, and that no problems had been reported under one-way streets were reconverted to two-way. He said they favor returning State street to one-way status.

**Defer Actions**

Several topics related to traffic and parking were deferred at Monday night's meeting. No action was taken on a proposal for changing Madison street for parking restrictions will not apply to any streets that have one-way traffic.

Also delayed were a proposal to place the building inspector on salary, until Alderman Arthur Wietzer returns from vacation; proposed acquisition of safety belts for all city vehicles, delayed until Alderman Frank Vesel can obtain cost estimates; a weed program, deferred until next Monday's committee sessions; and proposed purchase of radar speed equipment for the police department, postponed pending the demonstration of an auto speed indicating equipment last night.

Vesel estimated the cost at \$1100 for radar mechanism, and an additional \$600 to \$700 for equipment that would make a permanent record of the speed. The safety belt plan will be discussed in next Monday's committee meetings.

On the recommendation of its public safety committee, the council rejected a proposal to limit parking to two hours at 2427 Madison avenue, and took no action on a request for a no-parking law for 50 feet on the eastern side of Delmar avenue at 27th street. Chairman Frank Vesel said the existing city ordinance permits such parking bans for 25 feet at corners, and that this will be done at 27th and Delmar to determine whether it will be sufficient to improve traffic safety there.

**Hydrant, Street Lights**

The council authorized installation of a fire hydrant on the southwest corner of Clark and Primrose avenues, and approved a request that street lights be installed at 1422 Grand avenue, the middle of the 2100 block of Iowa street, 2700 Emme street, 2721 Harding avenue, 2714 Roosevelt avenue and the alley near 21st street between Edison avenue and State street.

Mayor Davis asked aldermen able to attend the 48th annual Illinois Municipal League conference in Springfield Nov. 4-7 to notify him this week so that reservations can be obtained.

Alderman Bettine said, "Children are creating a safety hazard by playing in streets," and urged that the public safety committee study means of curbing this practice.

The same committee also was asked to study a request that the city chop off tree roots and limbs said to be creating a hazard over a sidewalk in the 2000 block of East 20th street.

Vesel notified Mrs. Bettine that a tree report she had submitted involved a tree on private property and cannot be remedied by the city.

At the request of Alderman Walter Nunn, the city inspector was asked to check on covers being left off garbage containers.

Three bids on painting the building inspectors' offices in the city hall were referred to the public works committee for study. They were \$183 from Clifford Cozart, \$192 from Modern Painting and \$215 from George Clyde.

The meeting was adjourned at 10:08 p.m. Attorney George Moran was present in the absence of City Attorney William Bentley.

## Spengler Trips Titlist Moose; Playoff Berth Battle, Continues

Second-place Spengler Insurance gave Class B league-champion Moose Lodge 272 foot for tonight, last night by handing the titlists a 13-3 thumping at Wilson Park.

Spengler trails the Moose by 2½ games and would finish one game off the pace even if Spengler wins its final night with Modern Extremists. But the runners-up still can look forward to the playoffs.

Triples by Jesse Yarra, Gene Grace and Dick Portell were mixed in an 11-hit attack, while Evans Blank gave up nine safe hits but kept them well-seated and was never touched for more than one run in any inning.

Held scoreless only in the second, Spengler had three-run third and fourth innings, added four in the fifth and moved to the 10 run lead with a pair in the sixth off loser Bill Favier.

Rich Briggs caught for Moose and Walt Wilson for Spengler. Bob Morris tripled for the losers. In the second game, Granite City Steel Credit Union upended Club Delmar 6-1 to further tighten the standings. The third through seventh clubs are separated by just ½ games and are fighting for just two playoff berths.

Jim Childers and Carroll Gleson combined for a three-hitter against Club Delmar, which scored in the first. Childers was the winner and Carroll Tinglo, who gave up eight hits, was the loser. Jim Reiter caught for Credit Union and Ron Watson for the losers.

## Above .500 Mark

Modern Furnace pulled itself above the .500 mark Tuesday night by turning back the Granite City 3-1 behind the two-hit pitching of Al Mance.

The tense game was not decided until the final two innings. The Granite took a 1-0 lead in the second and Modern Furnace tied the score in the fourth. The winners then scored once in the sixth and seventh to end the Granite's season at six wins and eight losses.

Mance's battery mate was Dean Harrell. Ken Mitchell, who pitched creditable five-hit softball, was the loser. Jack Hogue caught for the Granite.

Modern Extremists picked up their sixth victory of the winning season by forfeit over the Knights of Columbus, who dropped to 1-12 and are entrenched in the league basement. Tuesday's forfeit was their fourth of the year.

## Sudden Death 'Playoff' For Kelly Girls Tonight

The Venice Kelly girls meet the Alton Jets tonight at 8 o'clock at Lee Park in the "sudden death" round of the Girls' Twilight Softball league playoffs.

The winner will move on to a best-of-three series with league champion Collinsville, which eliminated Belleville's Suburbanettes in a "sudden death" encounter last night in Collinsville. The final playoff series will be held at Fletcher Field beginning tomorrow night.

## Flag Pole To Be Installed At Park Softball Field

A flagpole will be installed this week in the center of the Wilson Park softball diamond, which was in the center of the park board by Supt. O. H. Williams.

The 52-foot pole, a gift of American Legion Post 113, is being given a bronze finish. It had been located at the post headquarters.

Secretary Frank Ray was authorized to contact Illinois Power Co. for its recommendation on installation of lighting at the 27th street and Delmar avenue entrance to Wilson Park.

Several complaints have been received on darkness there, Recreation Director Harold Brown said.

## Defers Hydrant Action

Action on installing a fire hydrant at Fehling road and Benton street was deferred, with Park Attorney Randall Robertson appointed to contact Alderman Charles Meyer to "see what can be worked out."

It was pointed out that the city is required to pay \$14 annual rental fee of the new post office. The board, speculating that the rental fee will be turned down, hopes to obtain it for park use.

Desirability of painting the bathhouse and placing sand on eight ball diamonds this fall rather than waiting until next spring or summer, was expressed by all members. The board moved to hold a special meeting Sept. 13, when the available work force and suggested jobs will be balanced.

It was pointed out that about 1200 ballplayers and coaches participate in the park's ball program and that, including spectators, some 3000 persons are involved.

Discuss Tennis Lights  
Possibility of installing lighting on park tennis courts was discussed but no action taken. It was suggested that each court be individually lighted and "metered" so that lamps would only burn when players placed coins in a machine.

Ray was designated to write

## Park Club Losing Streak Increased To Six Games; Seco Wins Twice

The Granite City Park District softball squad's losing streak was extended to six games last night when the club doubled a Class A Muny league doubleheader to Seco of St. Louis, 3-1 and 2-1.

The double setback eliminated GC from the Muny playoffs, but hurler Ray Huff had a chance to shine during an otherwise gloomy evening. Working in relief all the way in second, he pitched 10-2/3ds. innings, walked two and gave up only four hits.

He allowed two hits in the second game, but lost to Willie Choe when Seco scored once in the first and again in the fourth. GC tied the game at 1-1 in the fourth on a walk and stolen base by Andy Angello, passed ball and a bunt single by Al Kutera, who caught both batters.

Mayor Leonard R. Davis about a four-foot fence on the city lot adjacent to the main fire station and site of the new post office. The board, speculating that the rental fee will be turned down, hopes to obtain it for park use.

Members to come to his office at their convenience or at a time to be arranged. The finance committee approved expenditures of \$26,552 for July 27 to Aug. 21, which included \$14,333 in wages to park employees.

Payments included \$843 to Boat Wholesale Co. for merchandise for resale and concessions; \$1001 to East St. Louis and Inverbush Water Co. for pool gardens and baseball diamond water; \$894 to Graham's Book Store for recreation and other supplies; \$404 to Caseyville Bus Lines for transportation on summer recreation trips; and \$1929 to Granite City Trust and Savings Bank for July withholding tax.

The next regular meeting will be at 7 p.m. Sept. 27 at the park board office.

## Deadline Tonight To Enter Park Swim Meet

Thirty-five entries were on file at noon yesterday for the seventh annual swimming and diving meet to be held Saturday at the Wilson Park pool, and Pool Manager Elbert Roberts said he expects at least twice that number by tonight's 9 o'clock registration deadline.

Entries in the younger age classifications—8-9 and 10-11—are lagging, however. Roberts said. Completed entry blanks, which appeared in the Aug. 17 issue of the Press-Record, should be returned to the park pool office. Entries in the older 12-13 and 14-15 age groups also will be accepted.

Preliminaries at 10 A.M.  
Preliminary swimming and diving competition will begin at 10 a.m. Saturday, with finals scheduled to begin at 2 p.m. Trophies will be awarded to the first, third and fifth place winners in each age group in each event, and additional trophies will go to the boy and girl accumulating the most number of points in the meet.

Entrants from 10 through 16 years of age will compete in 50-yard free-style, backstroke and breast stroke swimming events, although the individual contestants may enter only two swimming events. The 10-11, 12-13 and 14-15 age groups also may enter open competition.

Events for the eight and nine-year-olds include 50-foot free style swimming and open diving. Personnel who will conduct the meet, which is sponsored by the Granite City park district and open to residents of the park district, include Roberts, Pete Robinson, Dick Yates, Bob Miller, Keith Parker and Don Brumleve. Trophies will be awarded immediately following completion of the finals.

**Mexican AC To Host Playoff Final Sunday**  
The local Mexican Athletic Club, 16-8 winner over Fairmont City in the first round of the Mexican Softball league playoffs, will meet St. Louis in the finals Sunday at 12:30 p.m. on the 20th and Poplar streets diamond here.

The AC finished in third place with an 11-7 record, but can grab the whole bundle with a victory this weekend. Rich Demery, who pitched the locals into the finals last week, is the probable starting pitcher for the AC.

# GC, Madison Gridders Begin Drills Monday: Curtain-Raisers For Both Clubs On Sept. 15

## Trojans Face Due To Early Holiday Work School Start

Labor Day practice sessions, plus Saturday workouts, are nothing new to Madison high school football players, but the mere mention of the two every year brings about a question as to their necessity.

The Illinois High School Association rules that a boy must have participated in at least 14 practices before entering a game, and at the same time, the IHSA prohibits any member school to start organized practice before Aug. 28. Since Madison starts classes before most area schools, Coach Glen "Pick" Pickering is faced with the problem of squeezing in enough sessions before the Trojan home opener Sept. 15 with Edwardsville.

Madison starts school the same day that football practice can legally begin—Monday, Aug. 28. Therefore the Big Green will meet with Pickering and assistant coaches Joe Asperger and Bob Page every night after school at 4, starting Monday. Meanwhile, other schools will be scheduling two practices daily until their classes begin a week later.

**Twice-A-Day Practice**  
"Pick" will have practice for his boys at 9 a. m. and 2 p. m. on two Saturdays, Sept. 2 & 9, and Labor Day, Monday, Sept. 4.

Players have been drawing equipment all this week, and by Tuesday, 35 players had answered the call. Pickering pointed out that this figure does not include freshmen.

Starting his second year at the Trojan helm, he and his first-year charges compiled a 9-5-1 record last year which was good for a fourth-place finish in the potent Midwestern Conference.

Madison has a seven-game schedule complete with a tentative eighth contest with Gillespie, newly-consolidated school with Benton, for the last game of the season at Madison.

**Schedule Similar To 1960**  
The schedule offers the same schools that appeared last year on the card except for the Gillespie game, which will replace Springfield Griffin.

Aside from playing conference mates Roxana, Dupu, Cahokia, Bethalto and Highland, the Big Green opens once again with Edwardsville and opposes arch-rival Granite City in the annual Shrine Game at GCHS Sept. 22.

Pickering has seven lettermen returning, including three from last year's starting backfield: Quarterback Mickey Grange, All-Conference Halfback Ken Griggs, and Terry Andrews, in the fullback slot. Other returnees are Linemen Walt Cooper, Sam Dymus, Norm Stavar and George Stewart.

Griggs broke his ankle while playing baseball this summer and is still limping, so his services cannot be counted on.

## Class B Regional To Begin Monday: Winner To Danville

Four teams are entered in the Illinois Amateur Softball Association regional playoffs which begin Monday night at Wilson Park, according to area ASA Commissioner Harold Brown.

Entries include Union Starch from the YMCA, Industrial League and the Granite City Moose Club 272 and Modern Furnace of the Granite City park district Class B League. First-round pairings have not yet been made.

The local winner will advance to the Class B State tournament held at Ellsworth Park in Danville beginning Aug. 29 and continuing through Labor Day, Sept. 4. Eighteen teams from across the state will make up the tourney field.

The Granite City regional winner will draw a first-round game at Danville, and is scheduled to play the winner of the Springfield - Strassburg first-round game at 5:30 p.m. Saturday, Sept. 2.

**Year's First Ace At Sunset Hills**  
Ray Jenkins of Creve Coeur, Mo., scored the first hole-in-one of the season Tuesday in the rain at the Sunset Hills country club when he aced the 11th hole with a four-iron shot.

Jenkins, a member of Glen Echo in St. Louis, was playing the course in a threesome which included Ernest "Pat" Rich and Bill Corrigan of Granite City. The 11th hole is a 165-yard par three.

## MADISON FOOTBALL SCHEDULE

Date	Opponent	Where
Sept. 15—Edwardsville	Away	8
Sept. 22—Granite City	Away	8
Sept. 29—Columbia	Home	8
Oct. 6—Dupu	Away	8
Oct. 13—Bethalto	Home	8
Oct. 20—Roxana	Away	8
Oct. 27—Highland	Away	8

## Open Tennis Tourney Begins Here Aug. 28

An open tennis tournament for residents of the Granite City park district will be held Aug. 28, 29 and 30 at the Wilson Park courts. Park Recreation Director Harold Brown has announced.

Divisions to be included are men's, juniors', boys' 15 and girls' 15 singles and doubles, plus singles for girls 18 and boys 13 classes. Trophies will be awarded to first and second place winners.

## Bill Seebold Jr. Is Top Contender For National Outboard Racing Title

If you were not among the outboard racing enthusiasts on hand to witness Bill Seebold Jr. make a shambles of the National Outboard races at St. Paul, Minn., early this year, you catch a repeat performance—on video tape—tonight by turning on your TV set.

Seebold, who won two national class championships and was runner-up in others, will be prominently featured on tonight's "Summer Sports Spectacular" on Channel Four, beginning at 6:30.

The 20-year-old Granite City, Mo., native, who has been pointing two years ago in the tender age of 18, came back home this week with a slew of trophies and the prospect of retaining the top position in 1961.

He pushed his way to victory in the finals of the Class A runabout and Class D hydroplane races, and finished second in the Class B and Class C hydro and Class C-1 runabout competition.

**Places In 6 Of 10 Events**  
Considering there were only ten events on the program and that he drew the top outboard pilots from Missouri, Oklahoma, Illinois, Mississippi, Tennessee, Texas and Louisiana, Seebold fared well indeed. He placed in no less than six events.

Seebold comes by his racing prowess quite naturally. His father, Bill Seebold sr., was an outstanding outboard pilot for many years before he gave up competition in order to devote more of his time to the preparation of Bill Jr.'s equipment.

The father-son combination has been a successful one, to say the least. Witness the \$810 prize money, five trophies and over 100 NOR Association points brought home this week from St. Paul.

The younger Seebold, who entered his first race at the age of 11, will continue to seek national points when he enters the runabout and hydro class Sunday at the national stock outboard races on Creve Coeur Lake in St. Louis county.

## Park Football Trips To Illini, Tiger Games Announced

While they wait tickets to the Missouri-California football clash on Oct. 7 at Columbia, Mo., are available to persons making reservations for the game through the Granite City park district office.

Harold Brown, park recreation director, said tickets to the Illinois homecoming game with Minnesota Oct. 21 also are available now.

The special park football trips, begun last fall, cost the individual \$8.50, and include game tickets and bus transportation to and from Columbia and Champaign. Brown said the trips are being planned again since the first one last year proved to be so successful.

Forty-one tickets to the Missouri game are available, and more will be ordered if the demand exceeds the present supply. There are 104 tickets for the Illini homecoming contest.

## Teenage, 35-Plus Playoff Finals Scheduled Tonight

Playoff trophies will be up for grabs tonight in two Granite City park district-sponsored football leagues.

Rick's Market and Bowland will meet for the post-season title in the Senior Teenage loop at 7 p.m., and the 35-Plus Slow Pitch league playoff crown will go to the winner of an 8:15 contest between Granite City Trust and Savings Bank and Big Top Bowl.

Friday night softball action at Wilson Park will consist of make-up games in the Church Slow Pitch league, Bethel Community and Community Heights are matched at 7 o'clock, and Gro-d Shepherd and league champion Madison Baptist will tangle at 8:15. The games were rained out on July 21.

## STRIKE ORAMA LEAGUE BIG TOP, TUESDAY

Becketts 2, Ella Wehls 1; Club Delmar 2, 1st Nat'l 1; 1st Bank 2, Mullen's 1; Bergfield 2, Seebold's 1.

Becketts 1985, Mullen's 744.

## GRANITE CITY FOOTBALL SCHEDULE

Date	Opponent	Where
Sept. 15—Assumption	Away	8
Sept. 22—Madison	Home	8
Sept. 29—Collinsville	Away	8
Oct. 6—Alton	Away	8:30
Oct. 13—Wood River	Home	8
Oct. 19—E. St. Louis	Home	8
Oct. 27—Edwardsville	Away	8
Nov. 3—Quincy	Home	8
Nov. 10—Belleville	Away	8

## Twice-Daily Workouts For Redmen; List 9-Game Slate

From the viewpoint of Andy Sullivan, head coach, the only way his Granite City high school football squad can go this fall is "up."

That fact will be stressed Monday morning when GCHS football candidates report for the first of a series of chalk talks and workouts which will lead up to the Warriors' opening game Sept. 15 at Assumption high school in East St. Louis.

Sullivan has announced that twice-daily sessions will be held through next Thursday, at 9 a.m. and 2 p.m. each day. Monday is the first day on which Illinois high schools are permitted to hold football practice, and Sullivan plans to take advantage of the fact that GCHS will not open its doors for classwork until the following Tuesday, Sept. 5.

**Homescoming Oct. 19**  
Following the opener against Assumption, the Warriors will host Madison in the annual Shiner's Hospital benefit game on Friday, Sept. 22. A third big card will be the annual GCHS homescoming game against perennial Southwestern conference power East St. Louis on Thursday, Oct. 19.

GCHS has a second Thursday night date—Oct. 12—when it will tackle Wood River at home. All in all, the Warriors have five games at home and four on the road, winding up the season on Nov. 10 in Belleville.

Next Friday, Sept. 1, practices will revert to the one-a-day schedule. A 3 p.m. workout is set for that date, and an 8 a.m.

## Press-Record SPORTS

Granite City PRESS-RECORD Page 6 Thurs., Aug. 24, 1961 session the following day. Beginning Tuesday, Sept. 5, the Warriors will hold 3:30 p.m. rehearsals.

## Coaching Staff

Assisting Sullivan this fall as GC makes a bid to improve on its dismal 1-9 record of 1960 will be Backfield Coach Gordon Galbreath, Interior Line Coach Donald "Duke" Brumleve, and End Coach Roger Manual, a new addition to the coaching staff this fall.

Warrior sophomores will be tutored by Back Coach Ross Rothenthal and Line Coach Joe Fevola.

Sullivan & Co. issued equipment to juniors and seniors today, and will equip sophomore candidates tomorrow morning.

On the junior high level in Granite City, candidates for the Prather squad are being asked to report to the school tomorrow at 9 a.m. The initial meeting for Coolidge players will be held next Monday.

Practice schedules for Central school eighth graders will be announced after school starts on Sept. 5.

## Six Races On Micro Card Sunday Night

Management of the Chain of Rocks Micro-Midget Speedway is planning the first local racing card since state championship races were run last month. Four heat races, a trophy dash and a 30-lap feature are scheduled Sunday, with time trials at 7:30 p.m. and racing to begin later.

The track is located on By-pass 40-66 between the Chain of Rocks canal and river bridges. Next week, local drivers will compete in Region Two championships at Owensboro, Ky.

MRS. MABEL KENNERLY  
3833 Lake Street  
TR. 6-5040

### SECOND BIRTHDAY

Diane Campbell celebrated her second birthday Sunday at the home of her parents, Mr. and Mrs. William Campbell. The room was decorated with balloons, and each guest received a noisemaker.

A large circus cake centered the table. Games were played and prizes were awarded.

Refreshments were served to Sharon and David Roland, Mr. and Mrs. Earl Young, Mr. and Mrs. Jacob Gettleman and children, Gene and Sally, Mrs. Rachel Vargo, Mr. and Mrs. Frank Markovich and children, Steve, Nick and Frank, and Mrs. Bardaly. The honoree received many gifts.

Mr. and Mrs. John Stanfill and children, David, Tommy, Ritchie, Gregg, Mary Ann, Kathie and Wesley, of Memphis, Tenn., left Monday after spending two weeks' vacation visiting his parents, Mr. and Mrs. John Stanfill Sr. and Mrs. Stanfill's sisters and aunt, Miss Bernice Ilek, M. and Mrs. Albert Strackeljohn and children, Mary Kay, Linda Paul and Ruth, Mrs. Kate Vaccar and other friends and relatives.

Paul Strackeljohn of Edinburgville spent Tuesday visiting his uncle and aunt, Mr. and Mrs. Charles Kennerly and children, Charlene and Eddie.

There is a reason why hubby knows all the answers — he has been listening for years.

**BACK TO SCHOOL** preparations are nearing an end in the Quad-Cities, and resumption of classes will begin Monday with half-day sessions in the Madison and Venice districts. This picture at Venice high school shows Miss Marie Shamro (left), school secretary, and Principal Lewis E. Sabin (right) completing registration of junior class members and making a final check of enrollment cards this week.

### Suicide Verdict

An inquest last night brought a verdict of suicide in the July 31 death of John W. Beaver, 703 North 28th street, former pastor of the North Granite Pentecostal Church. It was conducted by Deputy Coroner Henry Pieper. Beaver was found in a bedroom of his home with a shotgun lying nearby. He was alone in the house at the time.

### Construction In GC For Week Totals \$25,000

Home repairs and alterations comprised most of the 19 building permits issued in the most recent seven-day period in Granite City. The \$25,145 total brings August construction to \$62,320.

Four of the permits issued by Building Inspector Earl Bloquist and City Clerk A. L. Stevens were for Cleveland Blvd. jobs. They went to William Huxel, \$5000 for a room addition at 2319 Cleveland; John Vasuloff, \$3000 for a room addition at 2006 Cleveland; Charles Ahlring, \$2500 for aluminum siding at 2229 Cleveland; and Mrs. A. F. Buente, \$800 for general repairs at 2119 Cleveland.

**Siding And Roofing**

Other permits were issued to Boyce Egbert, \$1750 for siding, roofing and a slab porch at 3108 West 20th street; Lacey Randolph, \$1500 for alterations at 2217 Dewey avenue; Andrew Butkovich, \$2000 for siding and enclosing a porch at 2519 Hodges avenue.

Paul Travis, \$1500 for general repairs at 2625 West 22nd street; Ellis Herring, \$1000 for repairs at 2560 East 27th street; Carl Yeager, \$700 for a kitchen addition at 2910 Palmer avenue; Kelsie Vandergriff, \$400 for a front porch at 2023 Madison avenue; John A. Rayburn, \$300 to enclose a porch at 2414 Hodges avenue.

Vivian Neumann, \$150 for general repairs at 2504 Edison avenue; Gordon Alford, \$100 for a concrete porch deck at 2017 Missouri avenue; Vernie McIlvoy, \$100 for repairs at 907 Twenty-fourth street; and Mrs. Ella Matthews, \$50 for repairs at 2114 Illinois avenue.

**Commercial Permit**

A single commercial permit was received by Gitchett Insurance & Real Estate, \$800 for a plastic and porcelain electric sign with 24 square feet of display surface at 1927 Edison avenue.

Troy Elkins was issued a \$2225 permit to install a trailer at 2075 Fourteenth street.

Harvey Smith, 2611 Civitas street, will build a garage there on the basis of a \$1000 permit.

### 8 Motorists Arrested

Using an electric timing device, Granite City police arrested eight motorists in the 1500 block of Edwardsville road and charged them with speeding yesterday. Those arrested were Francis O'Flaherty, Belleville; Edward J. Zabawa, East St. Louis; Gerald E. Mateyka, Edinburgville; Loraine M. Freeman, 2228 Grand avenue; Nora W. Madlinger, East St. Louis; Elmer D. Newmann, 1331 Cottage avenue; James R. Ferrel, East St. Louis; and Alvin Schlecht, St. Louis. All posted their driver's license as bond and were released until hearings.

## City Finances Cited, Defer Vote On Push-Button Voting

With sewer repair costs mounting and the city government's financial outlook becoming darker, Granite City aldermen took a conservative stand Monday night in discussing installation of an electric voting system for council meetings.

An estimate of \$1200 or less on the cost was reported by Public Works Committee Chairman Sam Whitmer, who took exception to comments opposing the project.

He pointed out that he had spent three hours in discussing the push-button system with Deon Electric Co. representatives, and said that if there is strong feeling against the proposal it should have been voiced before his committee was instructed to obtain an estimate.

Toward the end of the discussion, when Whitmer submitted a motion that firm bids be sought, both Aldermen Ford Johnson and Walter Norn requested that action be deferred. Mayor Leonard Davis ruled that no debate can follow a double request for deferral, and immediately halted the discussion and motion.

Whitmer earlier explained that there would be 17 voting stations — one for each of the 16 aldermen and one for the mayor on occasions when he is required to or wishes to cast a vote.

**Visible To Audience**  
Simultaneous voting by all aldermen would be possible, and the results would be recorded on a large lighted panel visible to the audience. The vote would be tallied on a smaller panel at the desk of Mayor Davis and City Clerk A. L.

## Nancy Jo Worthen, 14, Dies After Long Illness

Nancy Jo Worthen, 14, daughter of Mr. and Mrs. Milton Worthen Jr., of 2511 Sheridan avenue, died at 10 a.m. today at St. Louis Children's Hospital following a lifelong illness. She entered the hospital three days ago.

Survivors, in addition to her parents, are two sisters, Mrs. Charles (Gloria) Ludwig and Mary Beth Worthen; a brother, Milton Worthen III; and her paternal grandparents, Mr. and Mrs. W. Milton Worthen, all of Granite City; her paternal grandparents, Mr. and Mrs. Theodore E. Swiger, Vienna, Ill., and a great-grandmother, Mrs. Sarah Kellams, Edwardsville.

Funeral arrangements are given in an obituary elsewhere in this issue.

## Madison Traffic Program Praised; To Be Improved

The city of Madison was praised last night for its 1960 traffic safety record by Robert Schmal, Traffic Safety Director for Illinois, at a meeting in the Madison city hall. The meeting was attended by Mayor Stephen Maers, Police Chief Barney Fraundorf and members of both the city council and school board.

"To my knowledge only one other city in the state, your size, scored higher, and I believe that was Woodstock in northern Illinois. Everyone responsible in any way with traffic safety here in Madison deserves to be commended," Schmal said.

In praising the city he also made suggestions for more improvement. Chief area was police traffic supervision. Based on a possible 100%, it replied 35%.

Maers asked what could be done and Schmal replied that police command traffic training is heavily weighted in the scoring. He said the training can only be gotten at a qualified formal institution of higher learning and he added, "that's a budgetary item."

He said the training can be obtained at the University of Illinois or Northwestern University.

The mayor asked if one or two policemen could attend the two-week school and come back and conduct a clinic for the rest of the police force. Schmal said that only one man a year would be necessary to attend in order to keep abreast of latest training available.

"We'll grant you that next year it'll be different," promised the mayor. Other phases of the traffic program also were viewed.

Schmal cited the size of the police force and said chemical

## Auto-Train Collision

A car-train collision on the east end of McKinley Bridge at 11:35 p.m. Tuesday was reported to Venice police. Francis M. Cape, 4149 Highway 111, said he was driving east on the bridge, had stopped for traffic and was backing up when his auto collided with a westbound Illinois Terminal Railroad engine. Slight damage occurred.

MRS. DELORES BOSWORTH  
902 Third Street  
TR. 7-6488

**REBEKAHS HOST**  
TO NAMEOKI LODGE

Venice Rebekah Lodge 570 held Monday evening at the Odd Fellows hall with the noble grand, Mrs. Nell Montgomery, in charge. A regular business meeting was held, and plans were made for an ice cream social to be held Sept. 9 at the Odd Fellows hall.

A discussion was held on a bake sale in the fall. Guests for the evening were from the Ann Rutledge lodge in Nameoki. They were: noble grand, Mrs. Joyce Bailey, and Mr. and Mrs. Phillip Morrison, Mr. and Mrs. John Schilling, Mrs. Louise Loeffler, Mrs. Dena Ritchie, Mrs. Dorothy Metz, Mrs. Ophelia Wagner, Mrs. Barney and Mrs. Ann Kunenmann. Another guest was Mrs. June Cumberly of the Juanita lodge in Granite City.

Members present were Miss Louella McCold and Mesdames Laura Belle Benson, Martha Watson, Minnie Ames, Edith Carpenter, Marie Zeigler, Marie Yaeger, Olga Robinson, Bernice McKay, June Peck and Ethel Dunnaway. Refreshments for the evening were served by the Nameoki lodge as a surprise to the Venice lodge.

Tests should be available for intoxicated drivers. Others attending were Aldermen John Haynes, Christ Costoff, Steve Kello, Ray Kozielek and Don Reeves, and Demos Nicholas, Stanley Lucas, John Bridick, George Bamach, John Belloff, Frank Derner, Dr. Steve Geroff and Supt. Wenzel Brown.

To succeed make your train of thought a construction train.

## \*SOCIETY\*

### COUSINS CLUB ON OUTING

Members of the Cousins club and their families enjoyed an outing and picnic at Wilson Park Wednesday.

In the party were Mrs. Charles Auer and son of Belleville, Mrs. Jerry Ferguson and daughters of East St. Louis, Mrs. Bill Watkins and daughter of Wood River, Mrs. Ralph Nierert and daughter of South Roxana, Mrs. John Graham and daughter, Mrs. Curtis Blevins, Mrs. Robert Nierert and children of Granite City and Miss Sue Graham, a guest, also of Granite City.

### 75 ATTEND JOE'S DAUGHTERS MEETING

A stated meeting of Bethel 43, International Order of Joe's Daughters, was held at the Masonic Temple Tuesday evening. Mary Alice Christian, honored guest, presided over the meeting, attended by 75 members. Mrs. Nell Baskette, guardian, and Dr. E. H. Theis, associate guardian, addressed the group and plans were made for the next meeting, theme of which will be "back to school."

The clever operator sidetracks his fair weather friends by saving his money for a rainy day.

**FREDA KIRKSEY** is the young lady who starts folks on their way to becoming customers of Granite City Trust and Savings Bank. Freda has been in the bank's New Accounts Department for three years and she says that every account, large or small, requires special attention. "The kind of attention that accounts get at Granite City Trust."

Freda resides at 2650 Iowa street with her husband Fred and five-year-old son, Mark. Fred's hobbies are sewing and cooking, and her interest in these, particularly the cooking, is very much encouraged by both Fred and Mark. The Kirkseys are members of the Central Free Methodist Church.

It's friendly folks like Freda Kirksey who make your banking at Granite City Trust a pleasure. Well-trained, courteous and conscientious, she is just another reason why more and more Granite Citizens are making "Your Friendly Bank" their bank.

**MISS DOROTHY NOTES**, whose engagement to Frank S. Seagle of Grand Rapids, Mich., is announced by her parents, Mr. and Mrs. Kenneth Notes, 1712 Grand avenue.

### Auxiliary Told Of Convention

Eagles Auxiliary 1126 met Tuesday evening with Mrs. Juanita Blevins, president, in charge. Highlight was a report by Mrs. Viola Carvey junior past Auxiliary president, of the national convention held in Minneapolis, Minn., which she attended recently, together with Mrs. Frances Steinman, junior past state president.

"People who help people" is to be the identifying theme of all Auxiliaries and Aeries, according to the report, as nationally the organizations are pledged to support the Home on the Range for boys, and the muscular dystrophy, cancer and heart fund drives. The Eagles also support Eagles Homes in Berlin, Mexico House and the Eagles Home in Chill.

Mrs. Blevins gave a report of a party held at the tuberculosis sanatorium which she and Mrs. Angie Buchler, chairman, gave for 15 patients Aug. 18.

An initiation was read for a reception and tea honoring the new state president, Rose Johnson, Sept. 10 in Joliet, Ill., and announcement was made of the District Eight picnic Sept. 3 in Swanton.

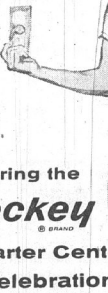

Mrs. Florida Batson, vice-president, will serve as chairman for the "family night" party Sept. 16. Refreshments were served, and prizes were won by Mrs. Theresa Daigler and Mrs. Elton Rickert.

The refreshment committee was composed of Mrs. Mary Brominski and Mrs. Kathryn Clark. The next meeting will be Sept. 12, and an officers' meeting will take place Sept. 5.

### PROJECTS PLANNED BY LEGION AUXILIARY

American Legion Auxiliary Unit 113 met last night at the Legion home with the new president, Mrs. Kitty Morris, presiding.

Plans were made for a party for patients at the Alton State Hospital Aug. 31 and to assist the post with a barbecue Saturday. Tentative plans were made for a book fair at a later date.

The latter part of the evening was spent at games, and awards were made to Lucille Cooper, Dorothy McCabe, Mildred Rees, Alma Klaus, Ella McKittick, Abbie Fox, Loretta Goeller and Pam Fuller. The hostesses, Mrs. Dorothy Johnson and Mrs. Fox served refreshments to 25 members.

### Motel Project Studied

There is strong likelihood that a major motel chain will locate a large motor hotel in an area immediately east of the Quad Cities, but efforts to confirm the property purchase with the developer were unsuccessful to date. Arrangements for the motel are "very close" to completion, it was learned.

Circumstances over which man has no control frequently come in the form of a better half. A man gets the world by the tail, and then goes into a tail spin.

### NAVY MOTHERS VISIT VETERANS' HOSPITAL

The Quad-City Navy Mothers club was host to 89 patients at the Jefferson Barracks Hospital Tuesday morning.

Mrs. J. L. Korcosog assisted in serving coffee and cookies to four groups of occupational therapy and one tuberculosis ward at the party, one of the projects of the Navy Mothers, who also assist the John Cochran Veterans' Hospital, Naval hospitals and active Navy personnel.

### ALTAR SOCIETY TOURS TELEVISION STATIONS

About 40 members of Sacred Heart Altar Society and their friends enjoyed a trip to three St. Louis television stations Tuesday.

The tour was directed by John Putney, and stations visited were KTVI, KETC and KMOX. A hotel luncheon followed. Other guests present were Cliff and Nancy St. James of Station KSD.

### PLAN PACK MEETING

A committee meeting of Cub Pack 122 of the Wilson school PTA was held Monday in the home of Gene Houdon, 2837 Edgewood avenue.

Plans were made for a pack meeting to be held at 7 p. m. Monday at the school. Taking part were Euzan, B. J. Rodgers, Clarence Windsor, Mrs. Betty Turner, Mrs. Betty Weller, Jack Nelson, Clifton Smith, Lawrence Aslin and Mrs. Beverly Singleton.

Mr. and Mrs. B. W. Ahrens and children, Patricia, Michael, Nancy and Delia, 2836 Edgewood avenue, spent Sunday in Florissant, Mo., with Mr. and Mrs. L. G. Struttman and children, Mark and Terry. Patricia remained with the Struttmans for a few days.

Mr. and Mrs. David House and sons, Michael and Patricia, 2840 Edgewood avenue, had as Sunday dinner guests Peyton House and Mr. and Mrs. Russell House and children, Pauline, Ida, John and Dennis.

### MRS. THELIE HOSTESS

Mrs. Helen Thelie was hostess to the Jolly Matrons club Tuesday in her home, 1509 St. Clair avenue. The birthday of Mrs. Barbara Wood was celebrated. Games were enjoyed, and prizes were awarded to Mrs. Wood, first, Mrs. Johanna Willich, second, and Mrs. Little Ostresh, third.

The business served refreshments to the above and Mesdames Anna Mae Murphy, Della Murphy, Margaret Frenzel, Florence Miller, Wanda Baker, Buehler Ernst, Mildred Werner and Margaret Grams.

Mrs. Wood will entertain in her home on Route One in two weeks.

Mr. and Mrs. Gerald Singleton, 2812 Edgewood avenue, spent the weekend in Galesburg, Ill., visiting Mr. and Mrs. George Palmer. Mrs. Gladys Lytle and Mr. and Mrs. Charles Lee and Patricia Joy. Robert Lee Kemper returned with the Singletons for a visit.

Mr. and Mrs. Arthur Straussner and daughters, Marsha and Karen, 2844 Edgewood avenue, had as guests Sunday Mr. and Mrs. Cecil Livesay and daughter, Linda, of Rock Hill, Mo., and Mr. and Mrs. Edwin Nowak of Berkeley, Mo. Marsha and Karen had spent the weekend with the Livesays and returned home on Sunday.

### CIRCLE PROGRAM

The Margaret Lawwell circle of the Calvary Baptist Church held a meeting Monday at the church. The program, "Sharing Possessions With Tithes and Offerings," was given by Mrs. Pat Robinson.

Mrs. Nola Gorrell conducted the business session and Mrs. Gorrell led the circle in prayer. Hostesses for the month were Mrs. Robinson and Mrs. Gorrell, who served refreshments to Mesdames Ruth Hancock, Brenda Connor and Norma Smith. The next meeting will be Sept. 18 at the church.

The Junior Girls unit of the Ladies Auxiliary of Veterans of Foreign Wars Post 1300 met Tuesday at the post. The president, Miss Mary Phelps, opened the meeting with 21 members present. Name labels were distributed for sale and Miss Mary Thomas reported on a recent trip to the post.

Hostesses were Miss Susan Wardlow and Miss Janet Reed, who served refreshments. The next meeting will be in two weeks at the post.

### GRANITE CITY PRESS-RECORD

Page 10 Thurs., Aug. 24, 1961

Michele Marie, infant daughter of Mr. and Mrs. Charles Mudd, 3013 Sunbury avenue, was christened Sunday at Sacred Heart Catholic Church, with Fr. Ward officiating. Godparents are Miss Margaret Ponder and Robert McAfee.

A dinner followed at the Mudd home for the godparents, Douglas, Michael and Jackie Mudd and Mr. and Mrs. Charles Mudd Jr.

Mr. and Mrs. Gene Buzan and children, Rex and Terri, 2837 Edgewood avenue, had as guests over the weekend, Mr. and Mrs. Gordon Stowers and Mr. and Mrs. Herschel Stowers and daughter, Nancy, of Indiana.

Rex Buzan returned with the Stowers after spending a few weeks visiting in Indiana. Pam Buzan and Donna Stowers returned to Indiana after visiting with the Buzans for a month.

Mr. and Mrs. Calvin Brethold and children, Randy, Barbara, David and Suzanne, 2833 Edgewood avenue, had as guests Sunday Brethold's parents, Mr. and Mrs. William Brethold of Sullivan, Mo.

Jon Melson was among those attending Terri Lynn Buzan's birthday party.

### LUNCHEON FOR WOMEN'S SOCIETY

The Women's Society of Christian Service of the Trinity Methodist Church met Tuesday at the church for the August meeting. The president, Mrs. Mary Lee Herman, opened the meeting and Mrs. Velma Morris gave the devotional.

A song, "The Church is One Foundation," was sung by the group. "The Responsibility of Church" and the lesson "World Council of Churches" were given by Mrs. Robert Weston.

Reports were given by Mrs. Wanda Roff and Mrs. Frances Holt. A report on "Leslie Bay Neighborhood House Supply Giving" was presented by Mrs. Olin Underwood.

Luncheon was served by Mrs. Fern Erwin and Mrs. Anna Nelson to the above and Mrs. J. T. Bryant, Mrs. Leslie Watts, Mrs. Blanche Lindsey, Mrs. Lucille Bender, Mrs. Oma Ivey, Mrs. Otha Johnson, Mrs. Mieta Brainerd, Mrs. Minnie Dillard, Mrs. Christy, Mrs. McAllister, Mrs. Haggard and a guest, Mrs. Shirley Shaler.

Plans to attend district officers' training and a seminar were made for September. The next meeting will be Sept. 26 at the church.

The man who throws up a bluff doesn't always hit the target.

In the game of life the man to watch the closest is yourself.

### Legion Post 113 Sets

#### 460 Membership Goal

A 1961 membership drive, with a goal of signing all eligible veterans, was outlined Tuesday night by the drive chairman, Charles Mizerski, at a meeting of American Legion Post-113.

Mizerski said his committee hopes to reach the goal of 460 new and renewed memberships by the end of December.

Serving on the membership committee will be Richard Blackwell, Edward Hommert, Alex Duclini, Gene Ross, Wilbert Niepert, Harry Hillmer Jr., A. Burt Harris, LaVerne Brewer, Stanley Edwards, George Trefonopoulos, Melvin Steiger, Robert Hillmer, Harold Summers and Guy Cooper.

Newly installed Post Commander Joseph Gottfried presided at the meeting, and Adolph Blattner took the obligations of membership and was introduced.

Duclini addressed the 35 members present on the American Legion emblem and what it signifies. Refreshments were served following the meeting.

### Select Name For Infant

Lydia Jane is the name given to their infant daughter by Mr. and Mrs. Claud Crews, 1552 Johnson road. The baby was born Aug. 10 at Deaconess Hospital in St. Louis and her weight was seven pounds, 14 ounces.

### Tot Spills Coffee Cup,

#### Suffers Minor Burns

Candy North, two, daughter of Mr. and Mrs. Robert North, 801 Greenwood street, Madison, escaped serious injury Tuesday evening after overturning a cup of hot coffee on herself.

The girl's mother said she pulled the cup off the table, spilling the coffee onto her chest and abdomen, but that only a small amount of coffee was in it. She was taken to St. Elizabeth Hospital for treatment and was released.

Victor Gehling, 12, of 2290 Benton street was X-rayed Tuesday after a football injury to his right leg. He was released.

Also treated were Michael Blattner, three, 1820 Lynn avenue, abrasion to the sole of the left foot; and Lou Ann Taylor, three, 2109 Alexander street, abrasion to left foot, caught in a bicycle spoke.

Today some people are looking for a religion that will make them feel respectable without requiring them to be respectable.

### Plan Labor Day Weekend

#### Picnic, Chapter Dance

A joint meeting of the Black and Gold chapters of Roca Young Men's club was held Tuesday night at the Moose Lodge. Members continued the planning of a Labor Day weekend festival to be staged in Wilson Park Sept. 1-4.

Gold Chapter's "The Kids" squad was awarded first place in inter-club bowling league play, which ended Monday night.

A joint chapter dance is planned for Thursday, Aug. 31, at the 300 Room of the Big Top Bowl. The chapters also plan to combine efforts for a joint holiday letter in the fall.

## Hire Russian Instructor

## Substitute Teachers' Pay Boost In Madison

The Madison school board has increased base pay for substitute teachers and employed an instructor to teach high school Russian for the 1961-62 school year.

Meeting Tuesday with Supt. Wensel Brown, the board approved hiring of Mrs. Patricia McAlister, Troy, as instructor in the Russian language at Madison high school. Mrs. McAlister is presently completing work toward a bachelor degree.

She will replace Rev. Vitaly Voshchilo, who taught Russian last year but has been reassigned to a new church parish away from Madison. About 40 students plan to enroll in the Russian class this fall, Supt. Brown said.

**\$1 Per Day Increase**  
Base pay increases of \$3 per day for the substitute teachers were voted by the board. The new minimum rate will be \$18 a day, effective immediately.

Approved for payment were July salaries totaling \$37,912, which included \$13,213 for instruction, \$2,182 for janitorial services, \$348 for health, \$1016 for clerical and \$153 for legal services.

July bills totaled \$47,533. The \$25,998 in the educational fund and \$21,835 in the building fund were approved for payment.

### AUXILIARY MEETING

The Young Women's Auxiliary of Second Baptist Church met Tuesday evening at the home of Barbara Cox. The program "Living Pictures" was given by Betty Rains, Brenda Causey, Wilma Cherry, Jo Marie Cook, Barbara Cox and Janet Warrn-hoff.

Others present were Kay Beville, Ruth Ann Showers and Mildred Dacus. Also present were YWA counselors, Mrs. Myra Grote and Mrs. Maxine Dacus. Refreshments were served.

Dick Miller and World Friends Sunbeams met Tuesday afternoon at Second Baptist Church for a meeting and 75th Sunbeam birthday party.

The group is working on a "Christmas in August" project, and a Christmas tree centered the main table. It was decorated by the group, and a red and green box was filled with gifts for the Goodwill Center in East St. Louis.

Christmas songs were sung and prayer was given by Mrs. Betty Lewis, who told the story "The Wise Men." Party hats were made by all. Gary Lewis dismissed the meeting with prayer.

Games were played, and refreshments were served on tables decorated in yellow and white. Suspended over the tables were three large yellow balloons with "Happy Birthday, Sunbeams" written on them. Mrs. Julia Pen-roff, director, gave prayer. Mrs. Roney's Sunday school class provided a cake, and Mrs. Georgia Mitchell, first vice-president

of the WMS, assisted with the group.

Present were Allen Newberry, Becky Frith, Frances Welty, Bobby McCord, Dean Olive, Sheryl Hancock, Bruce Cann, Gary and Gail Lewis, Mesdames Julia Pen-roff, Betty Lewis and Georgia Mitchell, Patricia Mitchell and Tommy Freeman.

Intermediate Girls met Tuesday evening at Second Baptist Church for a program on Indian girls given by Misses Evelyn Barnes, Phyllis Smith, Phyllis Bell and Margaret Liza.

Letters from missionaries were read by the counselors, Mrs. Louise Hurry, Mrs. Ethel Cox and Miss Lorraine Grote. It was decided to celebrate birthdays each quarter with a birthday cake and gift exchange at the next meeting, the group drove to a restaurant for supper.

**ORAM REUNION**  
The Oram family held a reunion Sunday at Wilson Park. The 55 present included residents of Collinsville, Chicago, Shelbyville and Pana, Ill., and Davenport, Ia. Quad-Cityans attending were Mrs. Eva Oram, Mrs. Ida Oram, Mr. and Mrs. Leonard Oram and daughter, Dawn, Mr. and Mrs. Tom Hawk and Mr. and Mrs. Paul McBride and family.

**HERE FROM WISCONSIN**  
Mrs. James (Darlene) DeClue and daughter, Sherrie, of Wisconsin are spending a two-week vacation at the home of her parents, Mr. and Mrs. W. J. Greer.

It was decided to celebrate birthdays each quarter with a birthday cake and gift exchange at the next meeting, the group drove to a restaurant for supper.

Mrs. Minerva Coffman, 2104 Bryan avenue, and her daughter, Pat, returned Sunday from a two-week visit with a son-in-law and daughter, Mr. and Mrs. Gene Kent, Racine, Wis.

**New PTA Officer**  
Clayton Creek, 2641 Benton street, will serve as president of the Niedringhaus grade school. Parent-Teacher Association when it resumes its monthly meetings Sept. 26. He has been selected by the executive board to succeed David L. Gant, who resigned.

1333 NINETEENTH GRANITE CITY, ILL.

In other business, the board authorized Supt. Brown to act as the school district's agent for the 1961-62 special education program, federal installation reimbursement program and National Defense Education Act program.

It was announced that all schools in the Madison district have been re-certified for the school year by the office of State Supt. George T. Wilkins.

The board received and placed on file one application for a cook's position.

**Building Report**  
Supt. Brown reported on progress of summer building improvement projects and noted that several probably will be completed "at the last minute" prior to the opening of school next Monday.

Improvements undertaken this summer included interior renovation of the Dunbar school annex and replacement of the gym floor at the Madison junior high school.

One further improvement at the junior high school, not included in the summer program, was given approval at Tuesday's meeting. Supt. Brown was authorized to call for bids for replacement of a concrete walkway running along the north side of the JHS gym.

Five other boys were found in a garage in May with paper bags which they said they had used to inhale the glue fumes. The instances are being cited as a warning to other youngsters.

"This practice is very dangerous, and discretion should be used in the sale of glue to young persons," Chief Barney Fourn-dorf said.

Airplane glue contains acetone or other organic solvents and, when inhaled, is quickly absorbed by the lungs and in-duced into the bloodstream; the fumes induce narcosis, similar to ether, the department re-ported.

Too large a dose or continued use can bring death by respiratory failure. Other organic solvents can cause blood or liver damage, with blood eventually failing to repair itself in time, it is explained.

The dangers of "gluing parties" were explained to the youngsters and their parents. Fraudtort said, and the boys were placed under supervision of the police youth officer.

Police discovered the boys in the garage after receiving a call from a resident who said he had found quantities of empty airplane glue tubes in his yard.

One boy told police he had been sick "all the next day" after sniffing the glue.

Police said today the youths no longer are under supervision of the youth officer and that it is felt they have stopped the practice.

**Explains Zoning Request**  
Robert Thompson is acting on behalf of Eldon and Dorothy Voss, owners, in submitting a request to the City Planning Commission for rezoning of a tract in the 2100 block of Johnson road, he reported this week.

If approval is received for multiple-family dwellings, the property is to be transferred to the developers, who have not been announced, he said.

**LOCAL DELEGATES** to the 18th annual national Junior Achievers' Conference this week on the campus of Ohio State U. are (left to right) George Haven, 2548 East 24th street, Miss Marianne Wagner, Rural Route One, Miss Bernadette Acquaviva, 2445 St. Clair avenue, and Cheryl Rice, 2421 East 25th street. Haven is a candidate for the national "President of the Year" title, Miss Wagner is entered in the "Miss JA" contest, Miss Acquaviva will compete in the "Company of the Year" contest and Miss Rice in the "Personnel Manager of the Year" contest.

**Madison Police Warn Of 'Glue Sniffing'**  
The sniffing of model airplane glue by Madison youngsters to obtain a "high" feeling, a current fad in some areas of the United States, is a matter of concern to Madison police, who stressed the hazards in a statement today.

Police said four boys ranging in age from 12 to 17 told police they had learned of the practice from a magazine article, and admitted reaching a state similar to alcoholic intoxication in April by inhaling the glue fumes.

Police said today the youths no longer are under supervision of the youth officer and that it is felt they have stopped the practice.

**North Granite**  
NORMA WALTON  
732 Twenty-sixth Place  
TR. 6-1822

Mrs. Homer Anderson and children, James and Judy of Circle drive visited at Dixon, Mo., with Mr. and Mrs. Tom Robertson, who are spending several weeks this summer on their farm. They were joined there by Homer Anderson, and all returned home Sunday.

The Mothers' Auxiliary of Boy Scout Troop Four, sponsored by the Devery Avenue Methodist Church, will hold an ice cream social Saturday at the church. The menu will be ice cream, cake, hot dogs and soda.

Martin and Randy Wright left Monday with their uncle, Melborn Wright, to visit their grandparents at Corning, Ark.

**Madison Fire Calls**  
Madison firemen answered two calls Tuesday, but only slight damage was reported in each case. The first call was at 9 a.m. to an empty house at 1924 Harris street, where youngsters using the building as a "chill house" apparently had caused the fire, and the second was at 2:45 p.m. to a shed at the rear of 1305 Madison avenue. Cause of the second blaze was not determined. Both fires were quickly extinguished.

**Arrest Follows Mishap**  
Mike Chavich, 66, of 2219 Fourteenth street was charged with improper backing by Granite City police following an accident in front of his home Tuesday at 3:30 p.m. Chavich was backing out his driveway when he collided with a westbound car on 14th street driven by Beatrice L. Royer, St. Louis.

**Arrest In Collision**  
Cars that collided at Niedringhaus and Delmar avenues Tuesday at 12:20 p.m. were driven by Asa M. Legate, 2965 Iowa street, and Henry E. Ifland, 2222 Benton street. Officers charged Ifland with following too closely and released him when he posted his driver's license as bond pending a hearing.

**Granite City PRESS-RECORD**  
Thurs., Aug. 24, 1961 Page 11

**Pleads Not Guilty**  
William E. Shower, 20, Engineer Depot, pleaded not guilty yesterday morning in police magistrate court to a reckless driving charge filed by Geraldine Polite. He was released pending an Aug. 30 hearing.

**Madison Police Warn Of 'Glue Sniffing'**  
The sniffing of model airplane glue by Madison youngsters to obtain a "high" feeling, a current fad in some areas of the United States, is a matter of concern to Madison police, who stressed the hazards in a statement today.

Police said four boys ranging in age from 12 to 17 told police they had learned of the practice from a magazine article, and admitted reaching a state similar to alcoholic intoxication in April by inhaling the glue fumes.

Five other boys were found in a garage in May with paper bags which they said they had used to inhale the glue fumes. The instances are being cited as a warning to other youngsters.

"This practice is very dangerous, and discretion should be used in the sale of glue to young persons," Chief Barney Fourn-dorf said.

Airplane glue contains acetone or other organic solvents and, when inhaled, is quickly absorbed by the lungs and in-duced into the bloodstream; the fumes induce narcosis, similar to ether, the department re-ported.

Too large a dose or continued use can bring death by respiratory failure. Other organic solvents can cause blood or liver damage, with blood eventually failing to repair itself in time, it is explained.

The dangers of "gluing parties" were explained to the youngsters and their parents. Fraudtort said, and the boys were placed under supervision of the police youth officer.

Police discovered the boys in the garage after receiving a call from a resident who said he had found quantities of empty airplane glue tubes in his yard.

One boy told police he had been sick "all the next day" after sniffing the glue.

Police said today the youths no longer are under supervision of the youth officer and that it is felt they have stopped the practice.

**Explains Zoning Request**  
Robert Thompson is acting on behalf of Eldon and Dorothy Voss, owners, in submitting a request to the City Planning Commission for rezoning of a tract in the 2100 block of Johnson road, he reported this week.

If approval is received for multiple-family dwellings, the property is to be transferred to the developers, who have not been announced, he said.

**Arrest Follows Mishap**  
Mike Chavich, 66, of 2219 Fourteenth street was charged with improper backing by Granite City police following an accident in front of his home Tuesday at 3:30 p.m. Chavich was backing out his driveway when he collided with a westbound car on 14th street driven by Beatrice L. Royer, St. Louis.

**Arrest In Collision**  
Cars that collided at Niedringhaus and Delmar avenues Tuesday at 12:20 p.m. were driven by Asa M. Legate, 2965 Iowa street, and Henry E. Ifland, 2222 Benton street. Officers charged Ifland with following too closely and released him when he posted his driver's license as bond pending a hearing.

## Billings Hazards Told To Madison Rotarians

Think twice before buying when approached by salesmen through the mail, over the phone or at the door. Otherwise, you may be bilked.

Don L. Doherty, executive secretary of the Tri-Cities Chamber of Commerce, gave this advice to Madison Rotarians at their weekly meeting yesterday at the recreation center in a speech titled, "Have You Been Bilked Lately?"

He advised the 24 members and one guest attending to buy locally from known dealers, and described "rackets" used by unscrupulous persons to obtain other people's money.

"Be sure to give to worthy charities but give intelligently," he suggested. "In case any question about the requests exists, call your Chamber of Commerce."

David Richardson, son of Mr. and Mrs. Joseph Richardson, 4003 Rhodes street, was selected by the organization as a nominee for a Rotary Foundation fellowship.

He is currently working on a master's degree in science at the University of Illinois after receiving a bachelor's degree there. He was suggested for the application by Francis Fijan.

New canvassing assignments were issued to members, who will seek to obtain cooperation of Madison avenue merchants in sponsoring installation of flag holders along the thoroughfare.

Rotarians will provide flag receptacles, flags and poles and will have them installed for each sponsoring merchant. Sixty-seven holders have been purchased.

The flags will be set out on holidays.

**\$289,000 County Bond Sales During July**  
Madison county residents purchased a total of \$289,502 in series E and H United States savings bonds in July, Henry D. Karandjoff of Granite City, volunteer general county chairman of the Savings Bond Committee, reported today.

Illinois sales were up 73%, with a total of \$30,507,185. In the first seven months of this year, 61.1% of the state's annual quota of \$74,800,000 has been attained. Illinois sales represented 8.9% of total national sales, which amounted to \$342,000,000.

Madison county sales included \$212,502 in E bonds and \$77,000 in H bonds in July.

### Engagement Of Paulette Taylor Is Announced

Mr. and Mrs. Paul Taylor, 2031 Beckwith street, Madison, are announcing the engagement of their daughter, Miss Paulette Taylor, to Airman third-class William J. Fedorchak Jr., whose parents reside on Rural Route One.

The bride-elect is a 1960 graduate of the Madison high school and is presently employed by the Mercantile Trust Co. in St. Louis.

Her fiancé, who graduated the same year from the Granite City high school, is stationed at the Amarillo, Tex., Air Force Base.

### Unit Two Elects Mrs. Peacher

Victory Mothers Unit Two met Tuesday evening at the IOOF hall, with Mrs. Nan Shone presiding due to the absence of the president, Mrs. Minnie King, who has been hospitalized.

After posting of colors and pledge of allegiance to the flag, prayer was given by the chaplain, Mrs. Ida Oram. A dairy will be visited Oct. 3 and a donation was made to a state hospital on a television set.

Election of officers followed. Elected were: Mrs. Sadie Peacher, president; Mrs. Ann Sternberg, vice-president; Mrs. Minnie King, second vice-president; Mrs. Geneva Grundon, treasurer; Mrs. Irma Bernals, secretary; and Mrs. Katie Alexander, sergeant-at-arms.

Installation will be at the September meeting. Hostesses were Mesdames Ina Clemens, Dorothy Best, Inogene Best and Irma Bernals. Refreshments were served to 21, and games were played. All received prizes.

### PICNIC FOR JOBS DAUGHTERS

Bethel 43, International Order of Job's Daughters, held a picnic at Wilson Park Wednesday morning. The Bethel choir, about 40 were present, including three guests, Karen Durbin, Donna Hillen and Brenda Sorenson.

The girls took part in games, and prizes were won by Cynthia Zahm, Sue Jacobmeyer, Kathy Braye, Linda Field, Diane French, Karen Durbin, and d Sandra Johnson. Special awards went to Karen Durbin, Sandra Johnson and Mrs. Dorothy Taylor.

A picnic luncheon was served by the Mothers Club at noon. In charge were Mrs. Nell Baskette, Bethel guardian, Mrs. Genevieve Rider, president of the Mothers Club, and Mrs. Earline Johnson, Mrs. Mildred Jungels, Mrs. Taylor, Mrs. Bea Henley, James E. Baskette and J. P. Rider.

### WOMEN OF MOOSE DISCUSS STATE MEET

At business meeting of Women of the Moose was held last night, with 40 attending. The charter was draped in memory of a recently deceased member, Mrs. Ella Lindsay, and plans were made for the senior regent, Mrs. Mary Murgie, to attend a state conference in Peoria Sept. 15-17.

The next regular meeting will be Sept. 13, with Robert Hays of the Press-Record news staff as guest speaker.

MISS PAULETTE TAYLOR, who will become the bride of Airman third-class William Fedorchak Jr., a son of Mr. and Mrs. William Fedorchak sr., Rural Route One. The engagement announcement is made by the bride-elect's parents, Mr. and Mrs. Paul Taylor, 2031 Beckwith street, Madison.

MRS. WALTER LOCHMANN, a bride of Saturday. Before her marriage at Westminster Presbyterian Church in St. Louis she was Margaret Kovach, a daughter of Mr. and Mrs. John Kovach, 2501 Madison avenue.

MISS MARY ATCHISON, fiancée of Philip K. Miller, a son of Mr. and Mrs. Elmer Miller, 2200 Lincoln avenue. The engagement of the couple is announced by parents of the bride-elect, Mr. and Mrs. Herbert Atchison, 2305 East 20th street.

ON MEXICAN HOLIDAY  
Marion Barotaki, 2320 Delmar avenue, and Dennis and Marvin Boyer, 1561 Rodger avenue, are vacationing in Acapulco and Mexico City, Mex. They made the trip by plane and expect to be away two weeks.

TIME FOR WHAT?  
The fellow who passes on hills and curves must want to leave the impression that he is hard-pressed for time.

### Granite City PRESS-RECORD Thurs., Aug. 24, 1961 Page 13

#### ENTERTAINS OKLAHOMANS

## 2 GC Principals, 13 Teachers Are Hired

Two grade school principals and 13 teachers were hired at Tuesday night's meeting of the Granite City board of education.

George Lee Reid Jr., 37, will be principal of McKinley school for the 1961-62 year in place of Paul Wisch, who will be on leave of absence as principal.

New principal at Lake school will be Arthur E. Monroze, 32, replacing Leiland Bartley, who resigned to teach overseas.

Both men hold master degrees and are currently teachers in the district. Reid teaching the fifth grade at Washington and Monroze physical education at Nank.

Reid was a principal here in 1951-58, serving at Stallings, Emerson and McKinley.

Supt. Harold M. Kaiser said six teaching posts are still vacant, although substitute teachers can be placed where needed if the hiring is not completed.

**Employee Teachers**  
New teachers hired at the meeting were Mrs. Joyce Alberts, 1629 Venice avenue, 1960 bachelor degree from Southern Illinois University and two years' experience, for second grade at Washington school; Donald Ray Anderson, 2020 Washington avenue, 1960 degree from Austin Peay State College, Clarksville, Tenn., no experience, fifth grade at Washington; Mrs. Sandra Boyler, Collinsville, 1959 bachelor degree from SIU and one year's experience, physical education at Central.

Gerald Brown, 2438 Benton street, 1961 SIU bachelor degree, sixth grade at Wilson; Miss Carol Crews, Kirkville, Mo., 1961 University of Missouri degree, second grade at Maryville; Mrs. Betty Doyle, 2105 Missouri avenue, 1961 SIU bachelor degree and three years' experience, second grade at Logan annex; Mrs. Louise Good, Tulsa, Ill., 1958 degree from Bradley University, Peoria, nine years' experience, kindergarten at Mitchell.

Carl Henson, Xenia, Ill., 1961 SIU bachelor degree, mathematics at Central; Robert Meredith, Box 910, Rural Route One, 1958 degree from Eureka College and no experience, physical education at Prohardt; Harry Wade, 2157 Lee avenue, 1960 SIU University bachelor degree and one year of experience, fifth and sixth grades at Webster; and Mrs. Kathryn Williams, Belleville, 1958 degree from University of Kansas and two years' experience, Spanish at Coolidge and Central.

Also hired were two non-degree teachers, Mrs. Evelyn Gaylin, 41 semester hours and eight years' experience, for trainable mentally handicapped at Lake school; and Mrs. Kathryn Richardson, six years' experience and 21 semester hours, for fourth grade at Nank.

**Lahr To Resume Teaching**  
The disability leave of Guy M. Lahr Jr. was terminated and he was assigned to fifth grade at Maryville, pending receipt of a waiver of liability from him. He was injured in an auto accident this spring.

A new assistant custodian, William Hauslein, 4288 Revell Lane, was hired for Marshall.

Resignations of two teachers were accepted at the meeting. Mrs. Laura Clark Zoerner will leave as Journalism teacher at the high school because her husband is remaining at the University of Illinois. Steven E. Steverson, Coolidge science teacher, resigned because of possible military service.

The resignations occasioned a discussion of the time needed to fill vacant positions. Board members were in agreement that late resignations make filling of positions difficult. Dr. Kaiser said at least two checks are made after April to find out teachers plans, but that some last-minute resignations usually arise.

Various penalties for late resignations were suggested but none agreed upon. Dr. Kaiser said state law prohibits a teacher who has resigned after Aug. 1 to take another post within the state.

**Township Bill Lists For All**  
Also approved were township bills for the last half of August. Alderman Rutledge, Finance committee chairman, agreed to a suggestion by Alderman Norn and Basarich that lists of all township bills be prepared for consideration of all aldermen, as city bills are listed already.

A police judge magistrate report showed \$2160 collected, including \$1021 in current fines, \$885 in costs and \$156 in fines based on cases originating in the last fiscal year.

A \$2000 surety bond from Western Surety Co. on liquor bond for Clarence W. Adams was approved. He will operate the former "Tubby's" restaurant and tavern at 1600 Cleveland blvd.

A report from the City board of engineers showed receipts of \$7 and expenses of \$50 on

## Granite City PRESS-RECORD

Page 14 Thurs., Aug. 24, 1961

## City Continues Walk Liability Insurance Policy

Bills approved at Monday night's city council meeting in Granite City included \$10,271 to the Lueders Insurance Agency for renewal of sidewalk liability insurance. The policy was obtained from the Midland National Insurance Co., and the council waived normal rates since regular coverage is unavailable here.

Midwest Truck Top Roads was paid \$3867 for 21,955 gallons of MC-4 asphalt and 970 gallons of MC-3 used on aerial streets.

Paul Seibold Concrete Co. was paid \$1175 for 80% cubic yards of concrete, 24 six-inch expansion joints and 48 four-inch expansion joints and \$237 for 17 cubic yards of concrete in a separate listing. Milan Concrete Co. received \$1412 for completed sidewalk construction along Nevada avenue and State Road.

Was paid \$329 for an air-conditioning in the city engineer's office.

Aldermen's monthly expense reimbursements of \$30 each were approved for Rufus LeMaster, Ford Johnson, Paul Rutledge, Joseph Cavar, Steve Basarich, Sam Whimer, Samuel Shickles, Samuel Shackelford and Donald Partney, with Charles Meyer paid \$60 for July and August.

**Township Bill Lists For All**  
Also approved were township bills for the last half of August. Alderman Rutledge, Finance committee chairman, agreed to a suggestion by Alderman Norn and Basarich that lists of all township bills be prepared for consideration of all aldermen, as city bills are listed already.

A police judge magistrate report showed \$2160 collected, including \$1021 in current fines, \$885 in costs and \$156 in fines based on cases originating in the last fiscal year.

A \$2000 surety bond from Western Surety Co. on liquor bond for Clarence W. Adams was approved. He will operate the former "Tubby's" restaurant and tavern at 1600 Cleveland blvd.

### SUGGESTS SCHOLARSHIP REPAYMENT PROGRAM

To the Editor:  
How much do the people of our city care about educating their children? What are they doing along the lines of college graduates?

Recently I read an article derogatory to the expansion of Southern Illinois University. Why would anyone want to hinder Southern's advance?

In view of Granite's past record of high educational ideals, I am posing an idea in education well known in Fall River, Mass. Thus, its name... "The Fall River Plan."

Some time ago the Army investigated testings conducted at Granite City High School, and found that the high caliber of seniors graduating was amazingly high.

And yet, many intelligent graduates do not go to college. Why? Because they do not have funds. Of course the same things prevail all over. But, this need not be so in Granite City. This is the city for opportunities and ideas to grow, materialize and become a part of our history and heritage.

We could use the Fall River Plan as a guide and adopt it to our own ideas and needs. The citizens award funds to young students deserving of higher education. Upon finishing school they repay the money loaned. The funds could be reused to help other students. Businessmen and others could donate the basic fund.

Today Americans are giving knowledge to vast numbers of Asians, Africans, South Americans and Europeans. We establish peace corps and give foreign aid. We should be proud to establish these things at home also.

If these things seem of value write to: Fall River Plan, c/o Postmaster, Fall River, Mass. Frank Glen Adams, AIC, USAF, 10th Air Refueling Squadron (SAC), Otis AFB, Massachusetts

**CROSSING OVERPASS NEEDED BETWEEN LINCOLN PLACE, REST OF CITY**  
To the Editor:  
When and if there comes through the Engineer Depot a new highway and this proves to be the principal route to St. Louis, as is rumored, the people of Granite City will notice faces seldom seen and hardly recognized as fellow Granite City citizens as they travel the western extremities of Niedringhaus avenue. For here live the islanders of Lincoln Place.

Those who travel the Mississippi via barge and boat recognize only Gabaret and New Orleans when as islands in that general area; however, Lincoln Place is an inaccessable, severed from civilization.

Perhaps the barrier is not Tom and Huck's River, but it is just as effective—it's the BGO, Wabash, and Co.  
In the old days, cars waited bumper to bumper, a handful at a time being swallowed by a ferry and taken across the river at points where no bridge stood. These long automotive snake-lines signalled the need for a bridge. "The traffic demands a bridge," a foresighted citizen would exclaim, and the bridges were built!

But these were the good old days. Today, where is that foresight? The depot with its hundreds of spinn out at 4:45 still wait in long impatient lines from gate to track, as do the "hatives" at all hours. And the trains, unmindful, cha-cha and choo-choo slowly back and forth, playing havoc with schedules and appointments.

Let Granite City spread its borders and grow, to Mitchell and Hartford if necessary, but first let's annex Lincoln Place Island to the west, young man!

**PLEASSED WITH PARK IN THE-CITY PARK AREA**  
To the Editor:  
This letter is directed to the Park Board, and all concerned. I am pleased, and all other people are with leveling of all the ground in our park.

But the next good thing they can do is to pick up all the rock and debris and bring some of the good dirt from the south side to the north side. Then we are sure to have a nice park in just a few short years.

Let's hope that some shade trees will be planted this fall or early spring. I would like to see the whole park ringed with two rows of trees all around, and many other improvements, as time and money permit.

Here in this letter I wanted to retract any unpleasant remarks concerning this park. I may have offended someone in the past.

Simon Blada  
2058 14th street

**Charged In Louisiana**  
James Foggan, 38, Eagle Park, was arrested by Venice police yesterday on a warrant from Geismann, La., for desertion and non-support. He was released to return to Louisiana.

# MORE ABOUT

## Repair Cost

(Continued from Page 1)

Industrial plant and said her apprehensions were heightened by the study.

Mayor Davis said the initial sewer break has been repaired and that refilling is under way, but that this has not reached the point where the road surface can be replaced.

He said he has talked with the Seebold firm and was informed that traffic over the project would crush the repaired section.

# Cites Pipe Joints

Mrs. Betinec said she visited projects on Garfield avenue, between Garfield and Lindell boulevards on Terrace lane, and a large excavation between Lindell and Clark avenue. Her observation led to a conclusion that the major problem is not the sewer line itself but the joints between sections of the pipe.

She described in detail the procedure followed in some drainage line work and questioned whether joints uncovered in the repair work still have sufficient sealing material. She was unable to say whether the conditions found were due to damage before or after the excavating and replacement work was started.

Catching other city officials and members of the audience by

surprise, Mrs. Betinec displayed quantities of mastic and "okum," which she said had been obtained that afternoon at the site. She explained that both materials are used in sealing drainage lines.

She praised the quality of some of the repaired sections, saying that triple-strength glazed sewer tile is being used as a replacement and that a rubber seal at joints appears to be effecting a satisfactory closure, after being coated with a special compound.

**Engineer On Vacation**  
Citing the immensity of the project, Mrs. Betinec said, "It is vital that there be continual engineering supervision, particularly in view of the cost-plus arrangement on payments."

Noting that Pearson is on vacation, she asked, "Who is responsible

for seeing that the work is pushed and brought to a final conclusion?" Davis said Pearson had given a full report and that the committee chairman had expressed disfavor with one of the alternative methods — a plastic liner for the sewer pipe — because of its cost.

Alderman Sam Whitmer said there have been several factors contributing to the delay in completing sewer repairs. Among these were preliminary cleaning of the sewers, and use of closed-circuit television to determine where the leakage had occurred prior to cave-ins, he said.

"This is being paid for on a cost-plus basis," Mrs. Betinec again emphasized. "If we were paying a fixed rate for the job, it would be different."

Davis contended that it would make no difference on the total cost, but failed to convince the alderwoman. He noted that payment is being made only for that work which is performed.

Returning to the attack, Mrs. Betinec said, "Even some of the men working out there feel that not enough is being done. They are just sitting around."

**Fleetless More Problems**  
Alderman Samuel Shuckeloff told the council, "This is a pretty serious thing. They've apparently got the first cave-in repaired, but they've got two more cave-ins and there will be more within the next 60 days. There are already low places in the street that will be caving in."

Mrs. Betinec said she is worried that fine sand and dirt in the cave-in areas might be

# Sonic Booms Heard

Quad-City area police were flooded with telephone calls last night inquiring into two apparent sonic booms felt throughout the area at 10:45 and 11:30.

The first boom was a double explosion, while the second one was less severe. Lambert Air Field authorities attributed them to jet bombers in training.

drawn into the sewer system, which she said could cause further breaks. She said, "I would like to know why we are not progressing and getting finished. We need to get to the bottom of this."

Alderman Cameron Skublah said, "I think we should be deeply concerned. Commenting on the bills approved Monday, Skublah said there is danger that the city will go in debt."

# Delinquent Tickets Net \$800 In GC Crackdown

Over \$800 in delinquent parking meter fines had been collected by this morning as a result of the Granite City police two-week crackdown on overdue tickets for overtime parking. The sum had been collected from about 80 persons, and only 14 have not heeded written warnings that were mailed to them. Warrants were issued for the 14 yesterday.

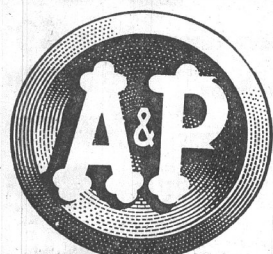

Eventually, even those people with just one delinquent ticket will be contacted, but if a person voluntarily comes into the police station and pays \$1 a yesterday damaged cars driven ticket during the drive, he or she will escape a fine of \$10 to \$50 plus court costs.

# Granite City PRESS-RECORD Thurs., Aug. 24, 1961 Page 17

## Racing Rained Out

Rain at race time forced postponement of the Tuesday night stock car races at the Tri-City Speedway. Beginning next week, in case of rain on Tuesday evening, Wednesday will be the established rescheduled racing day. Stock cars will not run at the speedway Saturday evening due to the Rotary show.

**Crash At Intersection**  
A collision at the intersection of Chouteau Slough road and the pumping station road at 5 p.m. yesterday damaged cars driven by Wendell H. Porter Jr., 17, St. Louis, and Otto A. Willaredt, 67, lot 2521 Edwards street.

## HOSPITAL NOTES

Patients entered Sunday were:  
Joan Darling, Madison; Joseph D. Gibson, 2118 E. 24th; Betty Johnson, 4245 Highway 162; Patricia Leatherman, 2556 Boyce; Evelyn Webb, 1633 Venet; Margaret Pison, 4216 E. Lake dr.; George C. Honerick, 1619 Fourth, Madison; Neva Hancock, 2138 Washington; Neil Lumpy, 2231 Washington; Jerline Curry, 1030 Market; Mary Elkins, 2075 14th; Shirley Lester, 1847 Rhodes, Madison; Mark Eavenson, 1708 Primrose; James Alvine Madison, 4100 Highway 111; Ricky Steve Brake, Collinsville.

Patients discharged Sunday were:  
Eli S. Cline, 2648 Benton; Edward H. Damath Jr., 1104 Greenwood, Madison; Helen Ebertson, R. 2, Edwardsville; In N. Housdan, 1101 (rear) Reynolds, Madison; William Peterson, 4109 South driver; Josephine Prusak, 2113 Lindell; Betty Renshaw, Bluff road, R. 1, Edwardsville; Dorothy Vaughn, 2014 Roosevelt; Doyle Von Schmitt, 2432 24th; Nathan E. Street, 1428 Third, Madison; Ferdie M. Hiatt, 751 27th place; Frank Cochran, 1747 Delmar.

Patients entered Monday were:  
Ronald Martin, 2720 Buxton; Mary O. Cox, Kneebear Park; Martha Meyers, 403 Terminal; Marjorie Doty, 2733 W. 22nd; Patricia Scharf, 2010 Delmar; Histon Shackelford, 2971 Washington; Barbara Robinson, 2417a Delmar; Jacqueline Holbert, 3212 Wayne; Altamont Stalcov, 2746 Sunset dr.; Julia Chomko, 835 Alton, Madison; Helen Ebertson, 2033 13th; Phyllis Martin, 1202 Grant; Charles E. Baker, 3301 Wilshire dr.; Cy D. Walker, 2261 Woodlawn; Charles Archibald, 303 Weaver; Margaret Pennewald, 5901 Maryville; George Hopkins, 51 City.

Louis; Edward Byrne, 84 Gare-side, Madison.  
Patients discharged Monday were:  
William Freeman, 1512a Third, Madison; Anna Mae Gates, 2877 E. 23rd; Curtis Guth, R. 1, Box 777; Shirley Milklin, 4510 Kirkpatrick; Charles Milton, 2015 Lee; Mary L. Portwood, 1713 Olive; Joe Williams, 1022 Calhoun, Venier; Charles Yates, 3148 Lakeview dr.; Patricia Scharf, 2010 Delmar; Dana Walker, R. 1, Collinsville; Joan Darling, 520a Madison.

Patients entered Tuesday were:  
Dorcas Giles, 1225 Logan; Flora Green, 4010 Rode; Linda Flaucher, 2230a E. 24th; Martha Lewis, 5061 Lewis; Sallie Adams, 2816 Edwards; August W. Daniels Jr., Eugene D. Shinn, 8535 E. 24th; Lillian Townsend, 2139 Delmar; Janette Boyd, 2312 St. Bernard; Lillian Fowler, 2225 Iowa; Catherine Ware, 321 Franklin; Nancy Sato, 121 Brisciff; Joan Towery, 15 Kaseberg; Beulah Crowder, 1928 Beckwith, Madison; Evelyn Foster, 4912 Kirkpatrick; Mary Wallace, 2439 Henlock; Lane E. Clark, 3820 Wayne; Sexton Daugherty, 2641 Iowa; Nora Antonoff, 1716 Olive; Pauline Sandy, 2745 Ralph.

Patients discharged Tuesday were:  
Helen L. Boshkoff, 1401 Madison; Donna Deidker, 2525 Pine; Mark Eavenson, 1708 Primrose; Flora Green, 4010 Rode; Donna Sue Grimes, 1628 Fourth, Madison; Catherine Johnson, Box 1, Glen Carbon; Loreta Mock, 2543 Marshall; Carol Portell, 3204 Kirkpatrick; Rosalie Portell, 2838 Michigan; Jean Schwarzkopf, 3609 Franklin; Huston Shackelford, 2971 Washington; Altamont Stalcov, 2746 Sunset dr.; Eva Tomlin, 2004 Lindell; Evelyn Webb, 3301 Kirkpatrick; Mary Sikes, 1710 Garfield.

**Grand Avenue Mishap**  
Northbound autos collided in front of 1208 Grand avenue, Madison, at 10:30 a. m. Tuesday, damaging the left front of the Range of Tony Powell, Route One, East Alton, and the right front of a car driven by Yona Grammer, Route One, Granite City.

## 15 Contracts Awarded For School Supplies

Contracts were awarded for items in 15 categories Tuesday at the regular meeting of the Granite City board of education. Most of the items will be purchased as needed throughout the school year.  
Largest total purchase, for \$14,692, will be canned goods, used at the district cafeteria. Nine firms will share in the purchase.  
They are: Allen Foods \$1573, J. F. Conrad Grocery Co. \$1183, Edray Foods \$6507, John Sexton & Co. \$786, Stocker-Hausmann Co. \$1520, Gateway Food Products Co. \$315, Lombard Produce \$715, Manhattan Coffee Co. \$1847, and Kraft Foods. All but five of the approximately 89 items of canned goods were approved on the basis of low bid. Four were given on the combined basis of price and quality. Matches were given to the second low bidder, because low bid acceptance would have meant an order of only \$5 to a firm.

**Roof Repairs**  
To cost \$5124, roof repair contracts for seven schools were awarded to two companies. Quad-City Roofers \$702, will repair roofs at Emerson and Marshall, while Schmidt Roofing Co., East St. Louis, will do the work on five others, costing \$4422. The five are to include 5231S, Mitchell, Natuski and Stallings.

Twenty-seven file cabinets will be purchased from Blackwell-Wieland Co. for a total \$1012. A new electric calculator costing \$495 will come from the Marchant Co.  
Frozen fruits and vegetables will come from two firms as needed. Independent Frozen Foods will supply apples at 16.49 cents a pound and corn at 26.49 cents. Lombard's Produce received an award on cherries, 17.89 cents a pound. French fries 16.49, mixed vegetables 24.48, and peas 21.24. Ward Baking Co. received the contract for bread and buns on

a low bid basis. Major items are sandwich loaves, at 13 cents a loaf, and sandwich buns, 18 and 20 cents a carton.

**Industrial Arts**  
Supplies costing a total of \$346 for beginning industrial arts classes at Central junior high school will be supplied by five firms. They include about 100 small tools.  
Supplier will be Production Tool \$18, George A. Rubelmann \$34, Rubelmann-Lucas \$100, Sears, Roebuck & Co. \$94, Slogo, Inc. \$30, and Broadhead-Garrett \$69.

A roasting oven for Frohardt school cafeteria will be purchased from Sterner-Imperial Co., Chicago, for \$329 on the basis of low bid to specifications. Paper towels will come from two companies. Folded towels to be used in elementary schools, will be supplied by BeBell Paper Products, Alton, for \$235 a case, while roll towels used in junior and senior high schools will come from Butler Paper Co., St. Louis, for \$7.45 a case.

**Ice Cream, Taxi Service**  
An ice cream contract was awarded to Chapman Ice Cream Co. on a low bid total of 17 different kinds. The company was low on the major items, five-cent cups and sandwiches, at 45 cents a dozen.

Taxi service for handicapped students again will be furnished by Quad-City Modern Cabs, with bids of 50 cents to \$1.25, depending on zone. Prices are the same as in the past year.

About 500 pipe fittings and 2000 feet of pipe were approved for purchase from Sidener Supply Co. on low bid. They will be purchased as needed. Best Wholesale will supply potato chips for the year.

Purchase of bulk crackers will be from Schulze and Burch Biscuit Co., at 123 of a cent per cracker. Quotations on package crackers from National Biscuit Co. and Sunshine Biscuits, Inc. were identical. National was given the contract because Sunshine is a local firm. Price is 1.074 cents per pack.

Laundry service of dishcloths, cloths and aprons for the various cafeterias will come from Morgan Linen Supply at 3 1/2 cents a towel, 11 cents an apron and 15 cents per pound of cloths. The

board authorized purchase of enough athletic trainer supplies to begin the football season.

**Prepare Press Box Plans**  
The board approved drawing of plans for a press box at the high school athletic field, but said construction may be postponed if bids are high. Henry Gabriel and Sylvester Dulgoff, architects, estimated cost of the project at about \$4250.

A request for purchase of replacement parts for the south boiler at Washington school, costing \$107, was approved. Nooter Boiler Co. will do the repair work. A refrigerator compressor will be replaced at Washington school for \$104.

Emergency repairs to a walk-in cooler at Granite City high school, \$155, were approved with the qualification that "in the future we stick more closely to the board policy of bidding out repair work".

Frederick Refrigeration Co. did the work. The air-conditioner in the office of GCHS Principal Lawrence McCauley will be replaced out of the school's activity funds. A previous bid of \$195 from State Radio and Television Co. was approved.

No action was taken on a recommendation from the high school principal to raise the book rental rate to \$2.25 a semester. The board said that action may be taken before start of the second semester, after a survey of prices at other schools in the area.

**Apple Theft Report**  
Police were summoned to the 2600 block of Jordan avenue Tuesday at 11:45 a. m. to investigate boys stealing apples. Officers were unable to locate the boys.

OPEN EVERY TUESDAY & FRIDAY NIGHT UNTIL 8:30

## New School Additions Not Ready For Opening

The Maryville and Wilson school additions will not be ready for the opening of school Sept. 5, but work will be completed shortly afterward, Superintendant M. Kaiser told the Granite City school board Tuesday night.

Work on the six-room addition at Maryville should be completed by the end of the first week of school. The four-room addition at Wilson is expected to be finished during the week of Sept. 11.

Both projects were held up by the two-week strike of building construction workers.

## Released Until Hearing

Ralph C. Cronk, 38, of 1924 Benton street and the Granite City Engineer Depot, pleaded not guilty yesterday morning to charges of creating a disturbance and maintaining a nuisance. The complaint was filed by Frank R. Lushnie, Police Magistrate. Andrew Gaspardovic Jr. set a hearing for Sept. 6, and Cronk was on a \$100 property bond.

School Engineer Marvin Dean reported that ceilings, interior doors, electrical work, chalkboards, lockers, teachers' cabinets, tile floor, ventilators and painting have not yet been completed at the additions.

## Committees Study Job Ratings, Storm Damage

A delegation of seven residents of the Ash and Willow avenues area reported to the council that basements and their contents received extensive damage at 3 a.m. Aug. 10 when a storm apparently flooded stormwater lines and caused sanitary sewers to back up into the homes.

Mayor Leonard Davis acknowledged discussing remedial action on drainage in that area prior to the storm, but said he had lost his notes on the discussion, having entered a hospital shortly after talking with the residents. The complaints were referred to the public works committee and

city attorney for study and a report on whether the families' losses can be repaid.

The mayor said he will continue negotiations with the teachers' union, which is seeking a \$75 monthly pay increase for the city humane officer.

The city's stand of limiting all raises this year to \$25 was supported in a 12-5 council vote with Alderman Walter Nann and Steve Barschky opposed to the \$25 limit and Alderman Arthur Wizek and Joseph Chavar absent due to being on vacation.

Proposed hiring of the Massillon and Sanders Co. of New York to set up job classifications for city clerical workers was discussed and referred back to the finance committee for a recommendation.

## Dow Team Eliminated

Dow Metal Products Co., last Madison County league team remaining in the zone playoffs, was eliminated last night by the Herrin Juvenile division squad 10-3 at Herrin.

It is to be discussed by the committee next Monday, coming before the council for a decision at the first meeting in December. Alderman Paul Rutledge reported on a conference with a representative of the firm. Daily cost of the study would be \$200, with 15 days or less required. A schedule would be set up showing relative salaries of the positions.

## Hospital Treats Dog Bites, Cuts, Bruises

Two Madison children, who live within a block of each other, were bitten by dogs about a half-hour apart Wednesday night.

Peggy Woodard, seven, 2046 Sixth street, and Cathy Munoz, three, 1911 Sixth street, were given treatment at St. Elizabeth Hospital yesterday for dog bites at about 9 p.m. Whether the dog was the same is not known.

Seven other children and four adults were treated at the hospital Tuesday and Wednesday.

Brenda Connor, four, 2905 Myrtle avenue, received sutures to close a cut on her left palm from

a broken bottle. Marlow Peterson, 25, Box 1263 Rural Route One, suffered burns to his upper right arm when he brushed against a hot auto muffler.

Also treated were Charles Polley, 13, of 4134 North avenue, who stepped on a nail; Mrs. O. Freda Leaton, 641 Washington avenue; Venice, right foot cut; on glass, sutures; Ronald Britt, nine, 1812 Second street, Madison, stitches for cut on left wrist; Edward Boyer, 20, of 3009 Cayuga street, lacerations to right palm and thumb after falling into bush; Brenda Grace, four, 2022 Omaha street, bruised nose in fall; and Calvin Powers, bruise to right knee in fall from seven, 4821 Maryville road, abrasions to head in fall; Bobby, 4369 Highway 162, foreign body Schwartz, three, 2905 Sunset in right eye.

## 87% Of Taxes Paid Locally; GC Led With 93%

Quad-City townships collected over 87% of their 1961 taxes locally, or \$7,130,367 of \$8,167,533. The remainder will be paid with a penalty added at the county treasurer's office in Edwardsville.

Granite City township was the leader with 93% collected record. Collector Frank Sappington took in \$3,042,510 of a total tax bill of \$3,410,072.

Venice township Collector Frank Reddinger Jr. received payments amounting to 75% of the total bill, \$1,523,857 of \$2,033,531.

For Nameoki township and retiring collector Harold Massa, the figure was 77%, with \$961,155 of \$1,245,506.

The three collectors agree that about two to five per cent of the taxes on their books are "uncollectable." These include improperly assessed amounts, back taxes from as long as 25 years ago and taxes on non-taxpaying bodies, they said.

## Jesse At Annual 2-Week Banking School

Allen L. Jesse of the Granite City Trust and Savings Bank is among 1241 students from 48 states, the District of Columbia, Puerto Rico and Honduras attending an annual two-week residence session of the School of Banking at the University of Wisconsin, Madison, Wis.

The school, sponsored by the Central States Conference, consisting of the bankers' associations of 16 states, requires residence attendance for two weeks each of three years for graduation. A total of 401 students will receive diplomas at the school's 1961 graduation exercises Friday night, Aug. 25.

Attendance at the 1961 School of Banking enables its students at Wisconsin's State University not only to meet a large number of bankers from all over the country, but also to hear lectures—over 100 experts from all parts of the nation on bank economics, government, law and industrial, and agricultural and financial problems.

As explained by Public Works Committee Chairman Sam Whitmer, the line will be installed for a distance of 81 feet on park property to a point on the south side of Fehling road near Yale street. It will be attached to a catch basin, on park property, connected to a 48-inch city drainage line.

At the request of Alderman Charles Meyer, Building Inspector Earl Bloomquist, a park board member, was questioned and said he expected park board action last night on installing a fire hydrant at Fehling road and Benton street. Meyer said this is needed to eliminate a winter-time hazard occurring when hoses are stretched across Benton to enable the rink area to be filled.

Mayor Leonard Davis said he would delay signing of the drainage approval until learning of favorable park action on the fire hydrant.

**Voting In Progress On Wheat Market Support**

A wheat marketing quota referendum is in progress today in Madison county, including a polling place at the Nameoki Odd Fellows hall. Polls will close at 6 p.m.

Recent legislation passed by Congress adds a new feature to the wheat referendum. It is a plan calling for a reduction of wheat acreage by at least 10%, with an additional cut of 30% authorized. The federal government would pay for the reduced acreage, which must then be put into agricultural conservation uses.

In addition, wheat price support under a quota program will be increased to a minimum national average of \$2 for the 1962 crop. If quotas are turned down, the support will be only 50% of parity, which at present levels is about \$1.18 a bushel. Farmers must approve the marketing quotas by a two-thirds majority before the quotas can be put into effect.

Only producers who have raised more than 13.5 acres of wheat in any one of the years of 1959, 1960 or 1961 will be eligible to vote in the marketing quota referendum. Producers who signed applications under the feed wheat provision permitting them to grow wheat for feed use only on their farm for 1961 will not be eligible to vote.

**NEWLY-ARRIVED** at the Granite City Engineer Depot, Lt. Col. John M. Anley has taken command of the 593d Engineer Group.

Born and raised in Portland, Ore., he attended Oregon State College in Corvallis, obtaining a bachelor of science degree in civil engineering. He later received a master of science degree in civil engineering from Harvard University. Entering the service in January 1942 as an officer, having completed the College ROTC curriculum, he served for over three years in the European theater.

Integrated into the Regular Army in 1946, Col. Anley has served a tour with the Air Force at McDill Air Force Base; three years at Fort Belvoir, Va.; a year at Fort Lewis, Wash., where he was in command of the 98th Engineer Combat Battalion; three and a half years in Japan; the Command General Staff College at Fort Leavenworth, Kan.; and four years in the Pentagon.

He has just returned from a year as area engineer in charge of construction at Thule Air Force Base in Greenland.

Col. Anley resides on the post with his wife, Lucille, and their three children, John, Jr., Gregory, nine, and Nancy, seven.

Pictured (left to right) are Lt. Col. Calvin C. Campbell, 593d Group commander; Mrs. Sylvia Turner of the DUV, named an honorary member of the 593d group crew; and specialist John H. Elm, Mrs. Guste Pandleton, Specialist Joy B. Hickenell, Mrs. Zoe Cook, Specialist Jesse C. Coble, Mrs. Opal Lozier, Mrs. Pearl Ward and Specialists Frederick Snyder and John Bunganader.

## 'Hoodlum' Priest Will Speak At Labor Day Fete

Father Dismas Clark, S.J., subject of the motion picture, "Hoodlum Priest," and founder of Dismas House in St. Louis, will be a guest speaker at the four-day Roca Labor Day festival, Sept. 1 through 4.

Other highlights of the affair, to be held at Wilson Park, will be a dance, eight rides, a band, the appearance of Captain 11 and Jo-Jo of television and the possibility of talks by Sen. Paul Douglas and Cong. Melvin Price.

Father Clark is scheduled to speak Sunday, Sept. 3, at 3 p.m. Opening on Friday, the event will have special events beginning Saturday at 2 p.m., when Capt. 11 and Jo-Jo highlight an afternoon children's matinee. Rides will be ten cents at that afternoon.

A street dance will be held later on Saturday, Sept. 2. If Price and Douglas appear, they will speak Monday afternoon.

**FR. DISMAS CLARK, famed "hoodlum" priest, who will speak at Wilson Park Sept. 3.**

Biggest spur to his founding of the rehabilitation center was the lesson of statistics. Sixty-five per cent of those men never given a parole returned behind bars. But only 5% of parolees returned to crime. Parolees seem to Father Clark the answer.

But under present penal codes, prisoners lacking a sponsor, even though otherwise qualified—must serve out his full sentence. Before Dismas House became a kind of collective sponsor, Father Clark had more than 2000 men paroled to his personal custody.

**Employment Bureau** Eventually buying an unused public school building in the heart of downtown St. Louis with the help of Attorney Morris A. Sherkner, he set up the house as residence hall and employment bureau. Most men stay between two weeks and two months, just long enough to adjust to living outside prison walls and to find a job.

Of the 750 men served so far by Dismas House, only two have had any further tangle with the law.

The building includes cafeteria, clothes shop, barber shop, game room, lockers, chapel, library and dormitory. The 60 men living there receive free

**Enthusiasm? Surprise? Excited?** Sure, wouldn't you be? State Farm has added new benefits for its careful-driving Illinois policyholders. These new benefits are in effect right now. They're only mildly surprising, however... State Farm has added new benefits before without increasing rates. But, they're really excited, and you will be, too, about the benefits added to State Farm's coverage. Two new Safeguards against Cancellation and Surcharges give written protection against cancellation due to accidents plus the assurance that State Farm's low rates will stay low (no surcharges as a penalty for accidents or traffic violations). And, there are five more additional benefits. Call me today or stop in for more information.

## Almost ready: New Direct Distance Dialing coming to Quad-Cities October 15

Telephone engineers and skilled technicians are busily completing installation of intricate equipment that will make it possible for you to dial direct your out-of-town calls, starting Sunday, October 15.

These machines will automatically search out a wayvocal to a distant city, ring the phone you're calling, record its number, keep track of the length of conversation.

**FAST, EASY, FUN**

You'll enjoy the amazing speed of Direct Distance Dialing... calls zip through in 30 seconds or less. So easy to use, too... just 10 turns of your telephone dial. And it's fun... gives you a feeling of fingertip-ness to folks out of town.

It will be one of the biggest improvements in your telephone service in years. Cost of the project: about \$319,000.

**SOUTHWESTERN BELL TELEPHONE COMPANY**  
Call by Number... it's twice as fast.

One and two-party customers in the Quad-Cities area will receive this service. For technical reasons, it will not be available for rural residents with eight-party service and coin telephone users. They will continue placing their out-of-town calls by contacting the Long Distance operator. Person-to-person, collect and credit card calls will, as now, be handled by the operator.

**QUAD-CITIES AMONG THE FIRST**

Quad-Cities will be ahead of many major cities in receiving direct out-of-town dialing.

As a member of the community, we're happy to do our part in helping Quad-Cities achieve new records of business activity and greater convenience and pleasure in their private lives... by providing a fast, efficient Long Distance communications system that's as modern as the spirit of the Quad-Cities area.

# City Financially Sound, Present; Future Plans Needed

(This is the 21st in a series of articles by a reorganization study of city government in Granite City by Southern Illinois University.)

The SIU experts point out Granite City is the unusual city which at present has no serious financial problems.

"The city does not have to issue anticipation warrants in order to operate. An alert and competent controller controls the expenditure of city funds through a tight appropriation ordinance. The city has no general obligation debt."

"Control of the city's purse strings is one of the vital aspects of city government."

**Proper Use Of Money**

"Just as a car won't go without gasoline, a city won't go without money. As everyone knows, the money for a city comes from taxes, and money for city governments has been increasingly difficult to obtain. Proper use of what money is available is one of the most important functions of the municipal government of cities."

"For the executive head of the city, the mayor, fiscal planning is as important a phase of his work as physical planning."

"Together they represent the primary duties of the executive. Planning an annual work program means planning for revenues and planning for the distribution among the several city services."

**Planning And Funds**

"Planning a long range public improvement program requires planning for the future. The mayor, once he has thought out plan for the city has been developed, both for short range operations and for long range activities, the executive's work load is reduced."

"The day to day administration will be handled by the competent department heads whose work will be coordinated by the mayor. Together with his

advisors, the mayor will control the city's tax collection activities and the annual operating program as set up in a budget. Each year he will supervise the detailed analysis of city services in preparing the next budget."

"A large part of the mayor's task will be in selling the fiscal and physical programs to the city council. They are the body which must approve the funds and pass the ordinances which set programs in motion. Only with a well thought out set of plans can the mayor expect to sell his program to the legislative body and the public represented."

**More Data Needed**

"There are areas where the fiscal management of the city could be improved, despite an alert and competent controller. Budgeting, accounting procedures and purchasing should be modernized to provide the administration, city council department heads and citizens with more information and to provide a better basis for fiscal planning."

"As a matter of fact, the area in which city fiscal administration is weakest is in planning."

"The mayor, as executive head of the city, does not give the attention which is important to the planning of his responsibilities. Without the proper fiscal planning, however, it is difficult for him to be truly effective in fiscal planning. This also hampers his efforts in physical planning."

"In order to correct this condition in Granite City's administration, the necessary fiscal controls and reporting procedures should be developed. These include budgeting, accounting and planning, purchasing and reporting procedures within the city."

**City Treasurer's Office**

"The city treasurer, elected to a four-year term, also serves as the official as township collector of taxes. The treasurer is paid a salary of \$10,000 a year, plus a fee of \$5000 from the excess commissions funds to serve as a collector of taxes."

"The treasurer's duties are divided between tax billing and collection activities and receiving

and depositing funds due to the city. His tax collection activities run over a period of five months with varying amounts of time required. His city activities are rather light. He is responsible for counting parking meters. The treasurer's city responsibility is collecting and depositing to the proper bank accounts all funds due the city. A three-part receipt, unnumbered, is issued for all collections. The forms are poorly designed, require much more work and time to complete than necessary, and do not provide any fiscal control.

"The work of the treasurer in the collection of city funds could be simplified, more efficient and at the same time, provide better control through adoption of the following suggestions:

**Suggested Changes**

"Establish a prenumbered receipt for all collections, with a separate copy for the receipt register and receipt for vehicle licenses. The original receipt should be given to the customer, and the use of the receipt for the cash register receipt of money collected should be discontinued, with the controller entering in the cash register journal directly from the counter receipts."

"Instead of the present report the treasurer should prepare a duplicate, a statement of his deposits by funds and by major revenue items within funds. Only one copy should be kept as a permanent record in the treasurer's office and the other filed in the controller's office with the copies of counter receipts."

**Expense Efficiently Run**

"Generally, the tax collection procedure in Granite City is inefficient. The city's revenue collection is reported to have been high. There is, however, a serious problem of overbilling and delay at the windows. There is not adequate space in either the treasurer's or controller's office.

to handle the preparation of the city's tax collection activities and to even a greater extent, the collection of taxes. Long with varying amounts of time required. His city activities are rather light. He is responsible for counting parking meters. The treasurer's city responsibility is collecting and depositing to the proper bank accounts all funds due the city. A three-part receipt, unnumbered, is issued for all collections. The forms are poorly designed, require much more work and time to complete than necessary, and do not provide any fiscal control.

**Relocate In Council Room**

"A better arrangement would be putting the finance department in the present council chamber."

"While the salary of the treasurer-collector is certainly adequate for the total work involved, a great deal of work time is consumed in preparing the tax bills and entering tax payments in the collector's books is hampered in the controller's office."

"Since the controller has a heavy load of responsibilities in general accounting, payroll, reports, etc., it might be desirable to have the treasurer responsible at least for all the detail involved in preparing and mailing the tax bills."

**Billing At County Level**

"Since much of the administrative and technical work in connection with tax collection is done at the county level, it would seem highly desirable to transfer the total tax billing operation to this level of government."

"With the volume of this kind of work that could be done at the county level, highly efficient and labor saving machinery and data processing equipment could be used. Such equipment could be maintained separately from the city's separate tax jurisdictions within the county."

## Students To Attend Methodist Convolve

David West and Ronald King of Granite City are among Southern Illinois University students who will join with thousands of others from across the nation in the seventh annual of the National Methodist Student Movement to be held in Champaign-Urbana Aug. 26-31.

Wesley Foundation, center of religious activity for Methodist students enrolled at Southern, has been given a quota of registrations allowed for the meeting of students, and 27 SIU delegates have been registered.

They will be accompanied by Rev. Ron Seibert and Rev. Don Carlton, director and associate director of the Wesley Foundation in Carbondale.

Major emphasis of the quadrennial is placed on the arts with features in drama, architecture, painting, sculpture, poetry, photography, films, music and dance. The conference will mark the first major festival of the arts to be held by any national Christian student movement in America. Major addresses will be given by Francis O. Wilcox, former assistant secretary of state, now dean of the School of Advanced International Studies, Washington, D.C., and Gerald H. Kennedy, bishop of the Los Angeles area of the Methodist churches.

**Two Driving Charges**

Elmer Jolly, 22, Engineer Depot, was arrested Tuesday at 1:30 a.m. for passing a stop sign at 18th street and Madison avenue and exceeding the speed limit. He posted his operator's license as bond and was released pending a hearing.

## County Expects 60,000 Public, Parochial Pupils

Anticipated enrollment of public school students in Madison county for the 1961-62 school year is 50,324, not including about 800 parochial school students, County Supt. of Schools, Wilbur R. Trimpe reports.

The 50,324 would be an all-time high, Trimpe indicates. The two largest school districts in terms of enrollment are Alton, with 11,288 students, and Granite City, with 11,800 pupils, expected in September.

New school construction in the county includes two grade schools in Bethalto, a new grade school in Livingston, building of a new grade school and a new junior high school in Collinsville, two grade school additions in Granite City and a new Sacred Heart parochial school here.

Trimpe said many communities in the county will be overcrowded with students this fall and issues to begin construction of new schools, because the law requires every child must be provided with an opportunity for an education."

At last, Trimpe said, such communities will have to begin planning to relieve the shortage of school space. "They can't wait until the students are waiting outside to get in." He named Alton, Granite City, Edwardsville and Highland as the "most critical" areas in terms of classroom need.

## Services For Former Resident, Mrs. McIntyre

Funeral services were conducted at a Carlinville funeral home Monday afternoon for Mrs. Mae McIntyre, 73, a former Granite City resident who died Aug. 18 at the Carlinville Hospital following a lingering illness. Burial was in a Girard cemetery.

Mrs. McIntyre was the widow of the late James E. McIntyre, who died June 5. They had lived in Granite City 14 years, moving to Carlinville three years ago. She is survived by two daughters, one residing in Springfield and one in the state of Utah.

## Local Natural Advantages Reason For Station's Move

A marine radio station complete with the most modern transmitters, receivers, antennas and operating consoles has been put into operation formally in the Quad-Cities by RCA Communications, Inc.

Station WGK, formerly located in downtown St. Louis, is now in operation from a new location in the Quad-Cities, which is the best in modern ship-to-shore and shore-to-ship radio telephone service to the Mississippi and its tributaries, RCA officials explained.

The move to the new location was made necessary by the encroachment of buildings, new piers and other physical changes in the old location, which had an adverse effect on the receiving and transmitting signals of the station. The new location was chosen to provide the best possible site for the reception and transmission.

Those wishing to communicate with ships on the river can obtain direct phone connections by asking for the St. Louis area "Marine Operator" by telephone to TR. 7-7271 or received by teletypewriter, whether via TWX or Western Union, are relayed verbally by RCA's operators directly to ships.

**40-Year History**

WGK is owned and operated by RCA Communications, Inc., a subsidiary of the Radio Corporation of America, which has provided radio communication facilities for ships at sea and point-to-point communication services on a global scale for more than 40 years. The Radiomarine Department in charge of the administration of WGK is under the direction of L. H. Strong, general manager, Coast and Ship Station Operations.

The new station is licensed by the FCC to communicate by radiotelephone with ship stations on the Mississippi and all connecting rivers and waterways. During a normal day's operation, it is not unusual for WGK to handle traffic with ships as far distant as Freeport, Tex.; Tampa, Fla.; Knoxville, Tenn.; Omaha, Neb.; St. Paul, Minn.; or Donora, Pa. Wherever Mississippi River towboats are able to run, WGK can contact them. Originally, the station was opened in 1925, located on the Mississippi Valley Barge Line at the foot of Rutger street in downtown St. Louis. The station had operated continuously from that location until the present relocation.

The old location had become crowded by bridges across the Mississippi, and the landward side had grown into a heavily industrialized section, complete with a railroad freight switchyard. It will be fondly remembered because of the ease with

which towboats berthing at the pier could visit with the station personnel.

**\$60,000 Cost**

Costing in excess of \$60,000, the new station is located on the experimental farm of the U.S. Corps of Engineers, located on the banks of the Chain of Rocks Canal, about one mile north of the central bridge, the bridge that was built before it had water underneath it. In 1952, the Chain of Rocks Canal was opened around a rocky island in the Mississippi River that was an impediment to navigation at certain stages of the river.

"The experimental farm" is used by the Army Engineers to develop different grasses for use to prevent erosion on levees and other river banks maintained by the Corps of Engineers.

RCA has obtained several acres on long-term lease from the Corps, on the site of the canal in a rural setting, shielded from present or future encroachment that might upset its value as an excellent radio location.

River towboats will pass within a few hundred feet of the station's front door, but since spots cannot be made in the canal, the personal contact between ship and station personnel will be more difficult. However, WGK still will welcome visitors from the boats who care to inspect the new station.

Personnel assigned to WGK are Anton G. Americk, manager, with RCA since 1925; G. R. Harnden, Charles J. Schwartz, Roy E. Kianey, Clayton T. Smith, John J. Polinsky and Edwin J. Fleming. They total 97 years' experience in river communications.

**1500-Watt Transmitter**

Equipment at the new station consists of:

- Main transmitter, 1500 watts, engineered by RCA Communications, Rocky Point, L. I. This represents the maximum power authorized by FCC for inland radiotelephone service.
- Auxiliary transmitter, 250 watts, built by Radiomarine Corp. of America, New York.
- VHF transmitters, two units, 100 watts each, built by RCA, Camden, N.J.
- Receivers, total of ten units, engineered by RCA. Communications to meet field conditions at WGK. Receivers are situated in an building, 800 feet away from the transmitter-operating building.

Main antenna, 125-foot steel tower used on the lower frequency. This tower also supports a 70-foot double antenna erected in the form of a cross-arm.

Other antennas, supported from 60-foot wooden telephone poles.

And VHF antennas, installed on top of the 125-foot steel tower. These antennas will give the station a VHF range of at least 40 miles in radius. Exploitation of available VHF frequencies from the old location was difficult, due to cross-river bridges. The new location gives VHF signals unimpeded coverage in almost all directions.

All interior wiring within the transmitter-operating building is concealed. Antenna feeders out-

doors are led underground by means of a coaxial cable. All incoming electrical power wiring and telephone lines to the station are led underground a distance of several hundred feet to minimize pickup and absorption of radio signals.

**Expected Increase In Business**

The main operating position is arranged with dual consoles, whose functions are entirely separate from each other. In this manner, when traffic is busy, two operators can talk simultaneously to two different ships, using different radio channels, without any interference or operating inconvenience.

The main building houses the transmitters and the operating positions are partitioned off from each other. The operating position is air-conditioned.

For quick service, a number of larger battery lines maintaining their own private telephone or teletype service have installed extension telephones and printers at WGK.

WGK has handled between 75 and 100 thousand messages and calls a year since world war II. It is anticipated that there will be an increase in this total because of better conditions and facilities at the new location.

## Jehovah's Witnesses

At Milwaukee Meeting

Revision of meetings of Jehovah's Witnesses at the local Kingdom Hall, 1128 Madison avenue, this week was announced today by the presiding minister, Francis H. Clanton.

About 20 from the local congregation are in Milwaukee, Wis., to attend a district convention, Aug. 22-27, and Clanton said a limited program of meetings will be held here, since those attending the convention will include ministers in charge of various departments of Bible study and the ministry school instructor.

"Unity among Christians is demanded by the Bible," Clanton said. "So Jehovah's Witnesses are always seeking a better understanding of the Scriptures. We learn from experience that Bible discussions such as will fill the six days will be of much practical benefit."

The assembly in Milwaukee is expected to draw 30,000 delegates. Watchtower Society President N. H. McMillan will speak Sunday on "When All Nations Unite Under God's Kingdom."

## Relief-Work Program Fair, Improves Streets, Roads Here

Not as sweeping as the restrictions on relief assistance adopted in Newburgh, N. Y.—subject of a nationwide controversy—work programs for men receiving Namekiki and Venice township relief seem entirely fair, logical and helpful to the local community.

Assuming that persons temporarily in need of poor relief want to work and will find regular employment as soon as they can, local townships receiving state aid have chosen street and road improvement projects to utilize able-bodied men during the period they are out of work. Now a year old, the plan is somewhat limited in scope but is resulting in tangible public benefits as well as affording a deterrent to unnecessary relief aid applications.

The local experience has spotlighted a serious flaw in new federal legislation, which eliminates the requirement that work be performed to receive financial and other assistance, the relief supervisors report. The American economy can function only if work is performed, for nothing is really free; any program—government or otherwise—that fails to recognize this is unrealistic.

Character is what makes individuals do more than law requires.

## Each Family's Efforts Vital To Venice Civic Improvements

Ask a direct question, and you may get a direct answer. Venice city officials have decided to find out what residents think about their community, and the large response indicates a two-fold result—many suggestions for improved municipal services, plus more widespread interest in the equally important improvements that can be made by property owners and occupants.

"Suggestion boxes" are not new, but they are seldom conducted on a citywide basis. The Venice plan is of particular interest because it recognizes both that some standards can be set by city regulation, and that even more can be accomplished through individual efforts with their homes, lawns and neighborhoods.

Personal responsibility is an essential ingredient in civic betterment, for each family's actions affect its neighbors, and there are limits to the control that can or should be exercised by the city government.

## Extra Caution By Drivers Can Help Keep School Children Safe

School doors will begin swinging open in the Quad-Cities on Monday, and simultaneously local streets and walks will become more crowded. The start of classes for the fall term, as in other years, signals added responsibility on each motorist.

School buses will be in operation. School stop and caution signs and lights will regulate traffic during key hours of the morning and afternoon. The volume of autos will increase sharply as many parents take their youngsters to school. Thousands of pupils will walk to nearby school buildings, some crossing narrow side streets and others traversing wider but busier thoroughfares. Hundreds of children will ride bicycles to school.

The message for all drivers is clear—start a little earlier and drive with greater caution than was necessary this summer. One of the saddest stories of all is that of a child struck down while going to or from school. We hope that no such tragedies will have to be reported this school year.

It is well to realize that time to think is as important as time to work.

## United Fund Agencies Have Massive Impact On Lives Of Quad-Cities

Why should I give to the United Fund? We suspect this question is heard less and less frequently in the yearly fund solicitation, for UF agencies are serving more people each year and there is a growing public awareness of their efforts.

To add to the general knowledge about the United Fund program, the Press-Record has been preparing and publishing a series this summer that attempts to explain in depth, through words and pictures, the role of individual Quad-City agencies. Sheer magnitude of the program is illustrated by the fact that this series has been in progress for many weeks and still has not reached an end.

Although any one UF service is limited generally by the extent of its resources and manpower, we have been impressed once again with the cumulative impact on the lives of all Quad-Cities, by the toddlers, octogenarians or somewhere in between. The United Fund means that people—local people—can count on a helping hand, extended strongly and skillfully and available at the precise time it is needed.

## Push-Button Council Voting Would Be Wise Expenditure

In discussing a push-button voting system for city council meetings, Granite City officials correctly cite the unfavorable financial outlook confronting the city. But the \$1200-or-less project has much merit and should be carried out if at all possible.

Successfully used in many communities and in state legislatures, the electric system eliminates time-consuming roll calls and enables all officials to cast their votes unimpeded by the prior knowledge that an issue is heading for approval, defeat or a close decision. The instantaneous recording of votes also quickly informs spectators of whether a motion carried, and who supported it.

Budget trimming is always a difficult task, with equally worthwhile expenditures competing for the available funds. Council voting by a modern push-button system rates high on many people's lists of valuable additions to city equipment.

#### AIRMAN OF MONTH

Airman second-class Herschel L. Jones, son of Mr. and Mrs. Eliza Jones, 2409 Logan avenue, has been named "airman of the month" at the Air Force station Fort Fisher, in North Carolina, making him the recipient of a number of gifts from both the base and merchants there. His wife, the former Jo Ann Harp, and their daughter, Paula Lorraine, reside with him at Kure Beach, N. C.

Helen Lambert Sunbeam's of Second Baptist Church met during the morning worship service Sunday and brought present to be placed in a box to be given to missionaries in observance of the "Christmas in August" program. They also celebrated the 75th anniversary of the Sunbeam's. Prayer was given by the assistant leader, Mrs. Lenora Welty. Those present were Gail and Gary Lewis, Julie and Denise Whitson, Bradley Crown and Kathy Anderson. A story was told, and the closing prayer was by leader, Mrs. Ruth Dodd.

Violation Charged  
Wanda Lupardus, 19, Rural Route One, was released on \$22 bond Tuesday at 12:30 p. m. following a charge of passing at a railroad crossing and not having an operator's license. Half of her bail was refunded when she returned with her license.

THE ANGLE  
Today the early bird who catches the worm usually spends the rest of the day fishing.

## Dinner Honoring Wilkins Planned Oct. 28 In County

George T. Wilkins, Illinois superintendent of public instruction, is to be feted at a testimonial dinner Saturday, Oct. 28, at the Trinity Lutheran School cafeteria in Edwardsville. He is a former resident of Madison and Granite City.

Gene Berghoff and Albert H. Paul, co-chairmen of the sponsoring group, said this week that the dinner will honor Wilkins not only for his work in the field of education but in civic and community affairs.

Sponsors of the dinner are Berghoff; Springfield; Paul, Edwardsville; Paul Cousley, Alton; Mayor Leonard R. Davis, Granite City; Illinois, East Alton; G. W. Heitscher, Granite City; Harold Landwehrmer, Springfield; William G. Martin, Edwardsville; Anton Perre, Livingston; County Supt. R. L. Trimpe, Bechtolt; Sam Vadalabene, Edwardsville; John DeLaurenti, Springfield; Oscar Ochs, Edwardsville; Robert Willis, Springfield; Loren Jung, Edwardsville; Sheriff George Musso, Edwardsville; and Robert Spengler, Granite City school board president.

Ticket requests should be made with Paul, manager of the Chamber of Commerce in Edwardsville.

State superintendent three years, he has been president of the Madison county chapter of the National Foundation for Infantile Paralysis, a unit of the Illinois Council of Parents and Teachers and the Cahokia Mount Council of Boy Scouts, as well as a district Rotary governor.

He has served as an elder in three different Presbyterian churches, is a former director of the Quad-City YMCA, past director of the Tri-Cities Chamber of Commerce, present member of the Edwardsville Chamber of Commerce, member of the board of directors of the National Conference of Christians and Jews and has been a camp supervisor of Camp Duncan for boys. He is also a member of several professional and honorary organizations.

Wilkins served as a teacher and coach in the rural schools of Union county, and for 19 years as superintendent of elementary and high schools at Wolf Lake, Tex. and Madison. In 1947 he was appointed county school superintendent of Madison county, and was twice re-elected to the position.

#### Mason Jackson Jr. On Flagship In Pacific

Serving in the Pacific aboard the heavy cruiser USS Helena, operating out of San Diego, Calif., is Mason Jackson Jr., Navy steward third-class, son of Mr. and Mrs. Mason Jackson sr., 919 Franklin street, Madison.

The Helena, First Fleet flagship, is scheduled to participate in a "fleet sail" Aug. 26, joining 20 sister ships steaming for Hawaii to relieve ships operating in the Far East with the Seventh Fleet. The two fleets have the responsibility of maintaining Free World control of the 85 million-square-mile Pacific Ocean area; the First Fleet in the eastern and mid-Pacific, and the Seventh in the west.

Selling Your Home? CALL REINHARDT

## Highways Good For 25 Years, Rotarians Told

Although difficult to plan for the future in construction of major highways, when changes now under way are completed this year, the roadways should be satisfactory for 20 or 25 years with only maintenance needed.

So H. V. McCoy, state construction engineer, told a weekly meeting of Granite City Rotarians Tuesday at the YMCA. In a talk titled, "Ancient and Modern Highways."

Tracing the development of highways from the ancient thoroughfares of Greece and Rome, McCoy pointed out that for over 2000 years "everyone seemed to lose the formula of how to make concrete."

Between about 400 B.C. and 1700, the only place where concrete—or a reasonable facsimile—was produced was in what is now Mexico and South America, by the Inca civilization.

The speaker also discussed proposed construction of highways that would be used only by trucks, and building of multiple lane highways with one lane reserved for trucks.

Questioned whether airlines might someday replace trucks as freight carriers or greatly reduce their operation, McCoy said he thought this would never occur.

Fifty-three members and several guests attended the meeting, presided over by President Edward Meng, Warren Decatur was program chairman.

Meng reported on the district Rotary institute for presidents, secretaries and committee chairmen which he attended last Thursday at Beardstown.

He reported that Robert E. Berghoff, extension counselor for Rotary International and past governor of District 625, was featured at the convention.

#### NIGHT MARE

Be alert when driving in residential areas—you'll never quit regretting if you run down a child.

BANKING GRADUATE, Joseph Baum, assistant cashier of the Granite City Trust and Savings Bank, who was one of 117 bankers completing a three-year course at the School for Bank Auditors and Controllers at the University of Wisconsin, Madison, Wis., this summer.

The school, which meets for two weeks each summer, was attended this year by 355 bankers from 43 states, Puerto Rico, Panama, Central America, Mexico and the Philippine Islands.

Those attending study bank accounting in the first year, bank auditing in the second year and bank controls in the final year. In addition to attending resident summer classes, students are required to submit extension problems between sessions.

#### Two Charges Filed

Tony Kudelka, 57, of 1418 Sixth street, Madison, was arrested Tuesday noon at Niederrhingen and Madison avenues and charged with driving without a license. He was released on \$27 cash bond pending a hearing.

## Hub Drug Remodeling To Begin With New Front

Extensive remodeling of the Hub drug store, 1200 Nineteenth street, began this week, with a new glass and tile front to be installed in the building now and a complete renovation of the interior to be done within the next six to eight months. Herman Weinrib, co-owner of the firm with Lester Busch, said the work will not interfere with normal service, and emphasized that the store will remain open its usual hours. The new front will not only greatly improve the appearance, he said, but will also provide added floor space.

Weinrib said the present part of the project should be finished in a few weeks, with work commencing later on a new prescription service area in the rear of the store, and then on the center portion.

General contractor for the job is the Tom Studebaker Construction Co.

## SOCIETY

**GRANITE CHAPTER OES WILL RESUME**  
Granite Chapter 650, Order of Eastern Star, will resume the regular schedule of meetings at 8 p. m. Friday, following the usual summer recess.  
Charter members will be honored at the meeting, which will be presided over by Florence Spohr, worthy matron, and John L. Wood, worthy patron.

**VISITS PARENTS**  
Mr. and Mrs. Oral Henderson of Des Moines, Ia., have returned to their home after visiting the latter's parents, Mr. and Mrs. Raymond Henley, 2540 Cleveland blvd. Mrs. Henderson is the former Marian Henley.

**FAMILY HERE AFTER RETURN FROM GERMANY**  
Mr. and Mrs. Joe Durham, 2311 Kirkpatrick Homes, have as their guests their son-in-law and daughter, Master Sgt. and Mrs. Walter Polka and their children, Eva Marie, Walter Jr. and Steve, who have been on a three-year tour of duty in Germany.  
While here, the visitors also will visit Mrs. Polka's brother-in-law and sister, Mr. and Mrs. Harold Carver, 2810 Nameoki road. Other guests at the Durham home recently were Mr. and Mrs. J. R. Durham of Norton, Kan., a son and daughter-in-law. At the expiration of his two-week leave, Sgt. Durham will report in South Carolina for another assignment.

**AREA CLOTHING DRIVE LEADER FOR SYMPHONY**  
Mrs. Vasil Eftimoff, 3415 Terrace lane, an active member of the Junior Division of the Women's Association of the St. Louis Symphony Society, has been appointed chairman for the Project "C" program.  
The "C" is for clothing. It is a repeat of last year's three-day rummage sale held at 610 Washington avenue St. Louis. All proceeds are turned over to the maintenance fund of the St. Louis Symphony Orchestra, which has been undergoing financial difficulties for the past few years and has resorted to seeking outside help in an effort to survive as a top-rated musical group.

Persons with clothing to donate are being reminded that the sale price of such articles is deductible. A tax reduction slip is given upon receipt of each contribution.

**RETURNS FROM SOUTH**  
Mrs. F. H. Balding and her daughter, Miss Loreta Balding, 2231 State street, have returned from Mena, Ark., where they visited relatives and friends. Mrs. Balding's father, R. P. Geyer, accompanied them home and will spend the winter here.

**ENGAGED** Miss Marilou Dale, a daughter of Mr. and Mrs. John G. Dale, Rural Route Three, Edwardsville, formerly of Granite City, whose betrothal to Kenneth C. Gieseking, son of Mr. and Mrs. Carl L. Gieseking of Troy, Ill., is announced.

**FORMER GRANITE CITYAN ENGAGED**  
Mr. and Mrs. John G. Dale of Rural Route Three, Edwardsville, former Granite Cityans, are announcing the engagement of their daughter, Miss Marilou Dale, to Kenneth C. Gieseking, a son of Mr. and Mrs. Carl L. Gieseking, 211 East Clay street, Troy.

Miss Dale graduated from Edwardsville high school and attended Central Technical Institute in Kansas City, Mo. She is presently employed as a section manager by a St. Louis department store.

Her fiancé is a graduate of Troy high school. He served in the U.S. Air Force Reserve and is now employed by the Carter Carburetor Corp. in St. Louis.

**Mary-Martha Class Meets**  
A monthly meeting of the Mary-Martha class of Grace Baptist Church, 2600 Edwards street, was held Tuesday evening in the home of Mrs. Charles Mott, 2875 Iowa street. After the opening hymn, and prayer by Mrs. Hazel Thomas, a business session was conducted by the president, Mrs. Lola Miller, and there was a talk on the 23rd Psalm by the teacher, Mrs. Alma Dorway.

Ten members responded to roll call and were served refreshments. The next meeting will take place Sept. 19 in the home of Mrs. Georgia Kitchen.

**MARRIED IN CIVIL CEREMONY**  
Announcement has just been made of the marriage of Mrs. Wanda Whitson, 2302 Independence drive, and William Garrett of DesPeres, Mo. The ceremony was performed Aug. 17 by Justice of the Peace Harry E. Hartman.

The bridegroom is president of Radio Station KXEN, and the couple will reside in Granite City.

**JAYCEE'S WILL HOLD INSTALLATION**  
The Jaycees held a special meeting Monday evening in the home of the president, Mrs. Philip Hogan, on Division avenue to complete plans for an installation ceremony and dinner at Cline's restaurant at 6:30 p. m. Aug. 28.

All Jaycees and Jayceeesses have been invited to attend the dinner.

#### Instructors On Televised Mexican Rotary Meeting

A south-of-the-border Rotary Club meeting in Mexico City was attended this month by Eugene Alaisi, Granite City school art director, and Robert D. To-doroff, instrumental music instructor at Coolidge Junior high school.

Describing it in a letter as "most stimulating experience," Alaisi related that he and To-doroff were among 18 guests invited to sit at an international table, which was decorated with flags of all nations.

"Each of us had earphones, like the United Nations. We heard the entire program through simultaneous translation," Alaisi wrote. He is a member of the Granite City Rotary club.

The program was televised, he said, because the Mexican minister of agriculture was guest speaker. The Granite City travelers were introduced to the Mexican television audience. "Mexico City Rotary has four groups, but we were fortunate to attend the major group," Alaisi said. About 300 Rotarians attended the televised session. The instructors have been vacationing in Mexico.

**REPLACING ELECTRICAL WIRING**, electricians work toward completion of their portion of interior remodeling project at the Dunbar grade school annex in Madison. All new wiring and electrical fixtures are to be installed before school opens.

#### Two Youngsters Treated After Home Accidents

Home accidents brought minor injuries to two Granite City children Monday afternoon. Both were given emergency treatment at St. Elizabeth Hospital and then released. Melinda Willis, two, 1416 Norwood drive, was treated at 1:30 p.m., receiving shoulder X-rays and a supporting strap following a fall at her home. Stephen McCusky, five, of 2164 Bern avenue required four stitches to close a laceration over his left eye received while playing at his home. He was treated at 3:35 p.m.

#### Two-Car Collision

Southbound cars driven by Robert E. Fleming, 21, St. Louis, and Janet E. Oram, 17, of 2459 State street collided Monday afternoon at Nameoki road and Clark avenue. No injuries were reported, and slight damage was done to the front of the Oram vehicle.

#### Pfc. Cain Transferred

Pfc. Richard H. Cain, 19, son of Mr. and Mrs. Harold Cain, 2028 Cleveland blvd., has been transferred to Swinefurt, Germany, along with other members of the 709th Military Police Co. A June 1960 graduate of Granite City high school, he has been in the Army one year.

## Hospital Geared To Cope With All Civil Disasters

If sudden disaster should strike here tonight while most Quad-Cityans sleep, the staff at St. Elizabeth Hospital would not be caught napping.

A hospital checklist of emergency steps is ready to be followed at short notice to combat virtually any civil disaster that might occur.

The program, predetermines the role of each hospital staff member, thus leading to maximum coordination of services.

The program is kept up-to-date through periodic review, regarded as important since the hospital is the only one in this immediate area.

"You don't realize how much is required from each department until something big happens—little things like wetting patients' lips, for instance. They add up," Sister Mary Thomas, director of nursing services,

said in explaining the program. The checklist specifies doctors for screening patients and for treating those acutely injured. It outlines where victims are taken and who brings what supplies from where.

Sister Mary Thomas said the biggest test the program has had was in the summer of 1960 when several Granite City firemen were overcome by heat while fighting a fire at the Hundley Pontiac Co.

"It was evening and the electricity was off," she said, "so we had to work with flashlights until the emergency generator took over. That was our biggest test, but we often see six to 10 casualties in the emergency room after an accident."

Citing the Aug. 9 explosion at the Nestle Co. plant, she said the reason the hospital was able to cope with it smoothly was that everyone involved cooperated.

In addition to the hospital staff's coordinated effort, relatives of injured patients remained in the hallways and did not try to see the victims while they were being treated, Sister Mary Thomas said.

"The men who were brought in were remarkable, too," she said, "not demanding service when they saw that someone was hurt worse than they were."

Of six men who were injured

in the blast, three are still hospitalized.

**Offers To Help**  
Many people and organizations telephoned the hospital to volunteer their help in caring for the injured or to offer to donate blood.

"Their help wasn't needed this time, but if a larger disaster should occur, this is the kind of cooperation we should have."

The hospital storeroom is arranged according to a code that would be followed in a disaster. Items that would be needed first could be quickly assembled and distributed. The main emergency room is completely stocked at all times.

The program begins with the initial hiring of hospital personnel. "We take into consideration their calmness in case of an emergency when we hire them," Sister Mary Thomas said.

The nursing services director said that in the event of a major disaster, the public should not telephone the hospital unless the caller is related to someone injured. Relatives who come to the hospital should observe whatever instructions they are given.

**Drivers Should Cooperate**  
Drivers should detour around the hospital area in order to avoid hindering hospital traffic. And relatives should not be offended if asked to provide transportation home for patients during a disaster situation, she said.

"In a disaster you don't have to look around for people to help, because they're always standing right there," she said. The hospital's own employees were off duty came in without being asked at the most recent emergency. When they saw something that needed done, they did it, she related.

Overall supervisor of the program is Sister Stanisla, hospital administrator. Thomas Rebert is in charge of inhalation therapy and coordinating the program.

Mrs. Dolores Clyde, RN, is in charge of the emergency room and central supply. Dr. Melvin Freedman heads the medical staff. Roy Thornton is public relations director.

**GC Kiwanis See Railroad Film At Weekly Meeting**

Growing use of diesel locomotives and increased railroad modernization was the subject of a 23-minute film seen by 20 members of the Granite City Kiwanis club at their Monday dinner meeting at the Elks club.

Titled "The Railroad Story," the film related that the number of diesels in operation has increased from 10% of all locomotives in 1946 to 98% today, increasing railroad efficiency by about 40%.

The movie, prepared by the Illinois Railroad Association and secured by the program chairman, Francis Judd, pointed out that many millions of dollars are spent by governments for other forms of transportation.

Members took no action but were of the opinion that railroads would prefer decreased taxation to government subsidies. President Harold F. Karsanoff presided.

**Car-Truck Bridge Crash**

An auto driven by Lawrence H. Taylor, 51, St. Louis, collided with a truck driven by William C. Baker, 56, Collinsville, on the east approach to the McKinley bridge at 7:40 a.m. Tuesday. Minor damage was done to the auto and none to the truck, with no injuries reported.

## THE LAW

A PUBLIC SERVICE OF  
ILLINOIS STATE BAR ASSOCIATION  
IN COOPERATION WITH THIS NEWSPAPER

**ADVICE FROM "BARRACKS LAWYER" IS HAZARDOUS**  
This is another in a series of articles provided as a public service by the Illinois State Bar Association for Granite City Press-Record.

You don't have to be a lawyer in order to give an intelligent opinion on a legal subject. But because of the vast intricacies of the law, a simple set of facts often gives rise to difficult legal problems.

In spite of this, there are many persons who persist in passing out legal advice on all problems, pounding the table, quoting rules, and loudly expounding opinions. Beware of these persons, because their free opinions are usually worth what they cost, and often can be the unintended cause of harm to those who rely on them.

**Bad Advice From Wilbur**  
For example, George Jones owned a small drug store in Portersville, Illinois. He agreed to sell the store to Harry White at a time when he still owed \$1,000 to various creditors for items he bought for the store.

George and Harry were in the back room one night discussing who would pay these debts. George suggested that they talk to a lawyer. Just then Wilbur Knawall came into the room, and heard the discussion. He told George to keep the debts, "to avoid complications."

As to telling George's creditors of the sale, Wilbur said that was unnecessary because George was

still liable to pay them. George and Harry decided to follow Wilbur's advice.

**Harry Pays Twice**  
Several weeks later, after Harry had taken over the store, a representative of one of George's creditors came in and demanded that Harry pay the debt that George had incurred.

Harry refused, but went to see a lawyer to make certain. Harry was surprised to learn that he had violated an Illinois statute in buying the store without giving notice of the sale to George's creditors, that the sale was void as to them, and that he was liable for George's debts.

Another victim of bad legal advice from a well-intended friend was Paul Black, who was building an addition onto his home. He arranged with Bill Handy, a general contractor, to do the job. Bill let out subcontractors for the brick, cement, plumbing and electrical work.

Paul had heard of "mechanic's liens" and was considering visiting a local lawyer to find out just what they involved. He told his friend Wilbur Knawall about his question. Wilbur at once told Paul that he could save the lawyer's fee, because Wilbur knew all about liens. Wilbur told Paul to obtain from Handy a general waiver of liens, and that this would be binding as against subcontractors.

Paul followed Wilbur's advice, obtained the waiver, and paid Handy as work progressed.

**Waiver Not Recorded**  
What Wilbur did not know is

### Named To Honor Roll

John R. Haack, 2205 E. 8th street, has been named to the honor roll for the final semester of the 1960-61 academic year at St. Louis University's Institute of Technology. A sophomore in the university's engineering school, he also placed on the honor list for the first semester of the year. He is a graduate of Assumption High school, East St. Louis.

That under Illinois law, Handy's waiver had to be recorded in the County Recorder's office in order for it to be binding on subcontractors. When Handy failed to pay his subcontractors when the job was finished, they filed liens against Paul's property.

Paul was certain that they had no right to hold him responsible until he contacted a lawyer who showed him the Illinois Statute providing for his liability. Eventually, in order to discharge the liens, Paul had to duplicate some of the payments he had made to Handy. He paid a high price for Wilbur's "free" advice.

These are just common place examples of the trouble you can get into when relying on the law. Experienced lawyers often must spend many hours researching a problem before advising their clients as to the best course of action to follow.

It is therefore hazardous to rely on the legal advice of well-meaning friends. As in the cases of Harry and Paul, that is often the beginning of many headaches.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

### 4 Area Men Inducted; September Quota Up

Four Quad-City area men, all volunteers, were inducted into the Army Tuesday, Mrs. Edna Heeren, clerk of selected service in the university's engineering school, he also placed on the honor list for the first semester of the year. He is a graduate of Assumption High school, East St. Louis.

They were Leonard C. Crome and Ronnie Preston, both of Granite City; Ambrose Jordan, Madison; and Thomas Volokli, Venice, Robert McKenzie Jr., Brooklyn, also was inducted. A sixth man, Robert J. Foster, originally was on the list but moved to California and transferred to a board there.

Twenty-nine were called for pre-induction physicals during the month, 20 on Aug. 16 and nine on Aug. 9. The September quota calls for 60 Quad-City area men to be called for pre-induction physical examinations Sept. 22 and 14 men to be called for induction Sept. 15.

Countywide, 165 men will be called for physical examinations and 48 for induction in September.

### Block Program, Church Ceremony In Venice

Special traffic arrangements have been made for two events in Venice this weekend.

The 1100 block of Logan street is to be blocked off to traffic Friday evening for a block dance and jamboree of Block Group No. 1. Mary Cross is president of the group.

Parking will be allowed on both sides of Market street between Mercedia and Weaver streets from 4 p.m. to 5:30 p.m. Sunday at the request of the Bethel African Methodist Episcopal Church, which will hold a cornerstone ceremony for a new church building at 1035 Market street. Rev. Fred Oliver is pastor.

## Ruling Favors Stronger City Powers At Fringes

are against the meter rental proposal. He said he is sorry to change his stand, but that he will follow the public's wishes.

Mrs. Gabrielle Betinec, alderwoman, agreed that Granite Cityans generally do not favor rental of parking meters.

Alderman Estill Von Schmittow called attention to the fact that rental would not apply permanently to a specific location, but rather to a particular auto no matter where it was parked.

"I can't go along," Alderman Donald Partney remarked, say-

Illinois Atty. Gen. William Clark held Monday that plans for subdivisions within 1½ miles of cities having official city plans are subject to all such cities' approval. Subdivisions must comply with rules of the most stringent of the cities.

Clark advised Lake County State's Attorney Robert W. Staszak that legislation passed by the General Assembly provides that the county recorder may not file subdivision plans without such cities' approval.

**Parking Charge**  
Released on \$7 bond Tuesday at 1 p. m., Ann Lockhart, Rural Route One, had been charged with illegal parking at 20th and Iowa streets.

# St. Louis Fined \$100; Wife Draws Probation

Homer J. Evans, 23, St. Louis, pleaded guilty to charges of trespassing and tampering with a motor vehicle Monday before Police Magistrate Andrew Gasparovic Jr. and was fined \$50 and court costs on each count. His wife, Janet, 16, pleaded guilty to disorderly conduct and was fined \$50 plus costs, but the fine was suspended and she was placed on one-year probation. The St. Louis couple was arrested at 9:20 p. m. Aug. 19 at the request of Granite City Steel Co. plant protection officers. Evans was charged with trespassing by the steel firm, and with tampering with a motor vehicle on a complaint by Margaret Young, Mrs. Evans was charged by the plant. The couple allegedly was caught attempting to take a fan belt from a parked car on a steel firm parking lot.

GO TO CHURCH SUNDAY

# Planning Starts For Agriculture Meeting

Farmers and their wives will be guests of businessmen here in early October at the 16th annual business - industry - agriculture meeting, sponsored by the Agriculture Committee of the Tri-Cities Chamber of Commerce, which met Tuesday night for initial planning.

Designed to promote good will, the meeting will be held at St. John United Church of Christ at a date to be announced later. A speaker is to be selected.

# Auto-Truck Crash

An auto-truck collision occurred at 4 p. m. Tuesday on By-pass 66 about 150 yards west of Route 67a involving a truck driven by Lester L. Trobaugh, 35, Albany, Ind., and the car of Leo H. Ahning, 49, Owensville, Mo. Both were traveling east, and no injuries were reported.

ORCHID LOUNGE — PIZZAS

# Granite City PRESS-RECORD Thurs., Aug. 24, 1961 Page 33

APPOINTED as the new director, Col. Frank Mercer, a native of Granite City, will head the Supply and Transportation Directorate at Kelly Air Force Base in Texas. The directorate is composed of 350 personnel under Col. Mercer's command.

Col. Mercer was graduated from the University of Illinois in 1935 with a bachelor of science degree, and was given an immediate commission as second lieutenant. He began an active world war II military career Jan. 1, 1941.

In 1932-33, Col. Mercer served in Newfoundland. For the next five years he was stationed at Air Material Command headquarters in Dayton, O., the last two as executive officer to the director of supply.

In 1958 he was assigned to the Mobile, Ala., Air Material area, and then was sent to Korea, where he spent a year at Osan Air Force Base as deputy for material for the 314th Air Division.

Col. and Mrs. Genevieve Mercer are parents of five children: 1st Lt. Franklin, 23; Carol Ann, 22; Suelien, 19; Daniel, 13; and Michael, seven.

The eldest son is stationed at the Richmond, Va., Recruiting Service. Carol Ann has completed her schooling at Mary Washington College, Fredericksburg, Va. Suelien is a junior at Auburn University in Alabama, and the youngest children live with their parents.

# Funeral Sunday For Mrs. Annie Williams

Mrs. Annie Williams, 69, of 321 Weaver street, Venice, a local resident over 38 years who died at Centerville township hospital of a heart ailment Aug. 19, will be buried at the Sunset Gardens of Memory Cemetery. Funeral services will be held at noon Sunday, Aug. 27, at the Southern Baptist Church. Her remains will be at the residence Saturday evening.

Born in Sharkey county, Miss., she was a member of the Southern Baptist Church of Madison, Beacon Light Household of Ruth, Good Samaritan's Organization of Madison and the Mothers' Board of the church.

Mrs. Williams is survived by five sons, Leon of Chicago, Joseph, Elijah and Henry of Madison and Eugene Williams of East St. Louis; a daughter, Mrs. Beattie Alexander, Madison; a sister, Mrs. Willie E. Anderson, East St. Louis; four grandchildren and four great-grandchildren.

# Transferred To Columbia, Mo.

Larry Webb, son of Mr. and Mrs. Lester L. Webb, 2841 Iowa street, who is employed by the P. W. Woolworth Co., has been transferred from the company's Delmar avenue store in St. Louis, where he served as assistant manager, to the assistant manager position of the store in Columbia, Mo. He assumed his duties there Wednesday. Before going to St. Louis, he was employed at the store here.

Mr. and Mrs. Webb will make their home in Columbia. Mrs. Webb, a bride of a short time, was Judith Patterson, a daughter of Mr. and Mrs. Emmett Patterson of Granite City.

### 30-Mile Walk Saturday To Include Quad-Cities

About 100 persons, mostly Negroes, are expected to stage a "freedom walk" from Alton to St. Louis Saturday, arriving in the Quad-Cities about 3 p.m. Representing the Alton chapter of the Congress of Racial Equality, the group will start at 9 a.m. Saturday from the Lowery Monument in Alton, and proceed through East Alton, Wood River, Hartford, Granite City, Madison, Venice, Brooklyn, East St. Louis and across the MacArthur Bridge into St. Louis.

The distance is 30 miles and, allowing for three 20-minute breaks and three 10-minute stops, the walkers expect to arrive at the St. Louis public library at 8 p.m.

Dr. Alfred Kuenzli, Alton, chairman of the planning committee, who is white, said this had signed up by early this week and he expected between 50 and 60 more by Friday. The weekend program will begin Friday at 7:30 p.m. with a brief spiritual meeting at the grave of Elijah P. Lovejoy in Alton. Afterward, there will be an 8 p.m. rally in the Alton Stevedockers hall, 2821 East Broadway.

Kuenzli said the expected time of arrival here is between 3 and 4 p.m. with a 10-minute program of folk music planned at 3:45 in front of the city hall in Granite City. The walkers plan to sing four songs.

The S.U.U. psychology instructor said, "We expect a great deal of verbal abuse, but we won't provoke any violence and the walkers are committed to non-violence, both physical and verbal."

A special team of two whites and two Negroes will do formal testing by going ahead of the walkers to determine whether restaurant operators are willing to serve Negroes. The team will make formal reports and prepare affidavits that will probably be turned over to the state.

Kuenzli told the students the four-man team with helping to open restaurants in Alton and Edwardsville to all people.

Informal testing may be carried on by those walkers in reserve, who will be riding in towed "trade-off stations," he added. "The reserves, while off duty, can relax, read, sleep or might stop for a cup of coffee at various places along the route as long as they make it on time to the next transfer point."

The walk was endorsed unanimously at a recent regional meeting of the National Association for the Advancement of Colored People in Edwardsville, at which representatives from Venice and Madison were among those pledging walkers and funds to support the plan.

Donations at Friday's rally will be divided between activities in the South and efforts to oppose discrimination in Madison and St. Clair counties.

At a special meeting this week in Alton, leaders were named to coordinate the activities and a set of 17 rules which will govern the walk was adopted. Participants will carry signs protesting discrimination. They will walk single file, 15 feet apart on the left sidewalk or shoulder facing the traffic and will come close together only at stop signs and traffic lights. During the walk, leaflets will be distributed asking that "people try to overcome hatreds so that all can live together in a new world of brotherhood and freedom."

The local route follows: Illinois Route 3 at Hartford to the junction of Route 67A; south on 67A to Route 3 north of Granite City; and right on Route 3, through the Quad-Cities to Brooklyn.

### Bill Boosting County Judges' Pay Is Signed

Gov. Kerner Monday signed into law legislation boosting the salaries of county judges, effective after the November 1962 elections. They will be prevented from conducting private practice of law.

The state will pay \$5200 of the annual salary, with counties paying an additional amount, based on population. The higher salaries will apply only to county judges who are attorneys and therefore eligible for assignment to duty in counties other than their own.

In downstate counties with more than 70,000 population, judges' salaries will be increased from \$12,360 to \$13,300.

# GC Rotary All-Western Horse Show Saturday Night; 14 Events Planned

Tickets for the third annual Granite City Rotary All-Western Horse Show, to be held at 7 p. m. Saturday at the Tri-City Speedway near Mitchell, are still available but going fast, club spokesman said today. The four-hour show includes 14 events.

A capacity crowd of some 5,000 persons is expected. Admission is \$1 for adults and 50 cents for children under 12. ample parking space will be available at a slight fee on the track's parking lot.

Tickets are available from any Rotarian or YMCA Youth Group member, at the Washington Theatre, Belmore Sporting Goods, Graham's Book Store or R. E. Moody Sales Co. Fourteen events have been planned for the evening in addition to the grand entry, which will start promptly at 7 p. m. The grand entry is the opening of the show, with all horses and riders participating.

**Flag Race**—The first event is the "flag race," which is timed. Horse and rider dash to a sand-filled bucket containing a flag, which is removed. The rider continues around wands and deposits the flag in another sand bucket, and then crosses the finish line, the entire action done on a dead end.

The second event is for "registered model quarter horses," which will be shown at halter or bridle. Registration papers must be shown at time of entry. A grand champion trophy and reserve champion ribbon will be presented.

The "pig race," a timed event open to all horses, will follow. Horse and rider start from a line in the center of the arena, race to one end, circle a wand, race to the other end to circle the other wand and back to the finish line.

The "Palomino" class is the fourth event, open to stallions, mares or geldings which may be shown at halter or bridle or under saddle. If shown under saddle, they are required to walk, trot and canter to exhibit the way of going.

**Ladies' western pleasure**—This event will be followed by the "ladies' western pleasure class," in which riders are judged on 16 years of age or over. Horses must show walk, trot and canter in both directions around a ring. Horses showing in this event may not be shown in the junior or gent's western pleasure.

Sixth event is the "registered Appaloosa class," to be shown at halter or bridle. Registration papers are necessary at the time of entry. Entries are judged individually, standing and at a walk and trot on the line. Horses will be judged for conformation, soundness and way of going.

The "handy horse" follows, with the horses being required to weave in and out among six stands placed in line, make a figure "eight" around two additional wands and then weave back through the line, making a figure "eight" to the starting line. This is a timed event, with time penalties for knocking down a wand and disqualification if a canter is not maintained at all times. The eighth event is the "Madison county pleasure class," similar to the ladies' pleasure except that entry is restricted to Madison county residents. Horses may be shown at walk, canter or favored gait.

**Stallions, Mares, Geldings**—This will be followed by the "parade class," open to stallions, mares and geldings. Beauty, stylishness, personality, eye appeal and manners will be judged. Entries may be any color or colors, any breed or combinations of breeds and will be shown under silver saddle.

Horses will be faulted for excessive speed, bad manners, switching tail, opening mouth, hard mouth, lugging on bridle or fighting bit, halting or hesitating, zig-zagging or sidestepping.

movement. Shown at walk or parade gait, horses will be rated for attire and appointments. The "barrel race," another timed event, will utilize three barrels set in a triangle pattern. Horses will circle the first barrel left to right, cross to the second barrel and circle right to left, go to the third barrel and circle it right to left and return to the finish line. If a barrel is knocked over or a rider's hand touches it, a two-second penalty will be imposed.

The "junior pleasure class" follows, to be conducted similarly to the ladies' pleasure class except riders must be 13 years of age or younger. A horse which has shown in the ladies' pleasure class may not be entered in this event.

**Speed Race**—The "speed race," twelfth event on the program will begin from a starting line one-fourth the distance from the end of the arena. Three wands are placed at the far end and a 16-foot box is marked on the ground at the finish line three feet from the fence.

Riders start inside the arena, cross the starting line, circle the wands, return to the starting line and stop the horse inside the 16-foot box, where it must remain until waved out by the judges.

The next event is the "gent's western pleasure," similar to the ladies' and junior pleasure events. Any horse which has been shown in either of the other two events may not be shown.

The final event is the "reining class," limited to horses 14 hands or over. Each contestant will perform the required pattern individually and separately. Each horse will be judged on the neatness, dispatch, ease, calmness and speed with which it performs the pattern.

Races must be held in the left hand at all times and all patterns will be executed in the center of the ring. Horses should rein and handle easily, fluently, effortlessly and with reasonable speed throughout the pattern.

**Races Not For Profit**—All proceeds will be used by the Rotary club for its civic and community improvement program.

In past years, the funds have been used for purchasing an electric organ and several buses.

Important games appear to have cropped up late in the 1961 Southwestern Illinois Inter-City Baseball league. Not the least of them will be Sunday's match between the McAtter Glass of East St. Louis, Mercer trailers to the Glassmen by just one game.

The contest is also a "must" for the Boosters, who are in second place to the rear of Moose Club, which has a mathematical possibility for second place in the Red division and a cinch choice for the playoffs, will travel to Maryville for a single game with the

leaders? They are scheduled Sunday against two of the league have-nots, McAtter will play host to 6-12 Pocatontos, while the Moose will travel to 5-13 Troy.

Granite City Sacred Heart, still a mathematical possibility for second place in the Red division and a cinch choice for the playoffs, will travel to Maryville for a single game with the

violins for the high school, the Madison county medical health clinic was furnished with funds raised by this method; kitchen facilities and air-conditioning of a community room were carried out at the YMCA; and an open air chapel was created at Camp Sannes for local Boy Scouts among other projects.

**Gasoline Tax Refunds**

Allotments of state motor fuel tax refunds to municipalities for July, announced this week, amount to \$20,319 for Granite City, \$24,587 for Madison and \$27,278 for Venice. State total on gasoline taxes paid to the state treasury last month was \$4,219, 145.

**Trust Bank, Big Top Bowl Reach Finals**

Big Top Bowl and GC Trust and Savings Bank, the 1-2 teams in the final regular season standings of the 38-Plus Slow Pitch Softball league, ran true to form Monday night in winning first-round playoff games.

League champion Big Top defeated Club Delmar 4-1, and Trust Bank followed with a 13-8 victory over VFW Post 1300. The winners thus qualified for the playoff finals, in the form of a single game to be played next Monday, Aug. 28, at 7 p. m. on the Wilson Park diamond.

Trust Bank collected 18 hits off VFW loser Ed Camper, two of them homers by Hildreth and Tom Belue. The Bankers had four-run frames in the third and sixth, while VFW did most of its damage with six runs in the fourth. Steve Hordesky was the winning pitcher.

Big Top scored single runs in the first, third, sixth and seventh innings of the first game. Winning Pitcher Sonny Milonski blanked Club Delmar for five innings before the losers pushed across their only run in the fourth. John Sabo, who gave up nine

**DIZZY DEAN LEAGUE CHAMPS** in the Atom division of the Granite City park district baseball program this summer are the members of the St. Joseph's squad, which compiled a 9-1 record. Members of the team are (front row, left to right) Jody Perkins, Christy Toyon, Jimmy Forester, Bobby Simpson and Ricky Serrano; (second row, left to right) Steven Nann, Joe Toyon, Gary Stinch, Ricky Serrano, David Jenkins, Mark Campbell and Joe Simpson, and (third row, left to right) Coach Leonard Muller and Manager Al Forester. Absent were four players, Steven Muller, Richard Diak, Richard Riess and Joe Lotman. The club had the unusual distinction of having two sets of twins and two brothers on the roster.

**GRAND CAFE ROCKETS**, who earned the title of Smokey Pedgett league champions in the park district's Midget division baseball on the strength of a 9-1 record. Personnel include (kneeling, left to right) Jim Stuart, Jim Hackney, Jim Rains, Fred Hoffman, Jim Peters and Richard Martinez; and (standing, left to right), Manager James Hackney, Tommy Barnett, Jim Horton, Greg Puent, Billy Cox, Terry Moore, Richard Eastington, Denny Henson and Coach Les Henson. Absent were Mark Duff and Richard Henley.

## Tavern League Playoff Pairings Are Still Undecided; Last Round Sunday

Members of the Sunday morning Tavern Slow Pitch Softball league will enter the final round of regular season play this week with only two of the nine available post-season playoff berths in certain.

Bowland already has clinched the No. 1 spot, and Home of the Blues will finish ninth. In between, seven teams hope to clear the tangled picture a bit come Sunday morning.

Two teams also have made games to get in before the regular season is completed. Millie & Mickey's will tangle with Sportsman's Club sometime prior to Sunday, and all clubs then will have 17 games in the record books.

The playoffs officially begin when Home of the Blues meets the eighth-place finisher. The game is to be played sometime before Sept. 7.

Then on Sunday, Sept. 10, Champion Bowland is matched with the sixth-place finisher, No. 3 plays No. 7, No. 4 meets No. 5, and the league runner-up will play the winner of the Blues-No. 8 finisher.

Semifinal playoff games are scheduled at Lee Park and Wil-

son Park the following Sunday, Sept. 17, and the league playoff final on Sunday, Sept. 24, at Lee Park.

Sportsman's Club, one of two teams with a chance to finish second this year, is the defending regular season and playoff champion.
